Any violations of the above mentioned policies and procedures or any behavior considered inappropriate by the proctor, will result in dismissal from Study Table and loss of all time earned during that session. If a student-athlete incurs a second violation, the individual will be dismissed from Study Table indefinitely. Coaches will be notified of all violations and incident reports will be kept on file.

Student-Athlete Advisory Committee – SAAC

SAAC is geared toward empowering student-athletes in the realm of constructive input within the athletics department, University, PSAC, and NCAA. The committee is composed of representatives from each varsity team. See your team's representatives or coach to find out more about this committee.

NCAA CHAMPS/life Skills

The NCAA CHAMPS/Life Skills Program was created to support student-athlete development initiatives of NCAA member institutions and to enhance the quality of the student-athlete experience within the context of higher education. Student-athletes will have the opportunity to participate in workshops and other activities aimed to promote academic, athletic, career and personal development, and community service.

University Support Services

Each student-athlete has the opportunity to utilize any of the support services offered by the University.

RAIDERS

Shippensburg University established the Office of Academic Support Services for Student-Athletes to provide the best possible resources for enhancing the academic experiences of student-athletes. Through the coordinator, a variety of academic assistance services are available, including academic advising support, academic progress monitoring, academic counseling and referral, and assisting graduating student-athletes in researching and pursuing employment and/or opportunities for graduate education.

The office provides information and informed advice about academic matters to all student-athletes, and all student-athletes are strongly encouraged to use the services.

The Office of Academic Support Services for Student-Athletes has strong links with the Learning Center and other campus-wide programs to support the academic well being of student-athletes. In addition, all incoming first-year student-athletes have the opportunity to voluntarily participate in the PACES program. PACES (Personal, Academic, and Career Exploration Seminar) is open to all incoming first-year student-athletes who want to gain greater insight into campus majors, possible careers paths, campus resources, technology, scheduling concerns, and wellness issues.

Core Values

Within an environment that values integrity and respect, the Office of Academic Support Services for Student-Athletes strives to:

- Conduct affairs of the office in a manner consistent with the highest ethical standards.
- Provide a congenial support program that fosters academic success and develops leadership in a diverse group of student-athletes.
- Emphasize the priority of student-athlete academic responsibilities.
- Provide support and encourage participation in the office's and University's special and enriched programming in order to maximize the collegiate experience of the student-athlete.
- Celebrate the academic achievements of Shippensburg University student-athletes.

Student-Athlete Orientation

An orientation session will take place at the beginning of the fall semester for the purpose of educating all first-year student-athletes on the various support services available.

Learning Center

The Learning Center (LC) is an academic resource center and provides services that include tutoring for introductory and intermediate undergraduate courses, writing tutors for any aspect of the writing process, study skills workshops, individual study skills assessments, online study skills workshops and handout resources, online writing resources, supplemental instruction for selected courses, and study groups for selected courses. The Learning Center is located on the lower level of the Ezra Lehman Library.

Tutoring

The LC tutoring center provides assistance with one-on-one tutoring, small group sessions, independent learning skills, and writing skills. The tutoring center is located on the lower level of the Ezra Lehman Library. Make an appointment by stopping by the LC or calling 717-477-1402.

Workshops

The LC offers a wide variety of workshops each semester designed to enhance learning skills. The workshops offer strategies in various areas related to academic performance, including time management, note taking, reading, study skills and memory, test taking, and writing.

AIM: Academic Improvement Plan

The Academic Improvement Plan (AIM) assists students on academic probation to develop strategies and skills that will help them raise their cumulative grade point average. The AIM Plan includes an orientation, workshop series, access to tutors and/or a learning specialist, and weekly correspondence from the Learning Center.

Monitoring Academic Progress

Early Warning Grades Report

The Early Warning Grades Report is provided by the eighth week of classes, prior to the deadline for withdrawing from classes. Faculty provides status on grades, attendance, and recommendations regarding tutoring and remedial courses, for all students with less than 30 credits. All student-athletes whose grades present an academic concern are contacted by the Office of Academic Support Services for Student-Athletes to provide them information on the opportunities available for improving their current academic standing. In addition, all coaches receive the Early Warning Grades Report.

Final Grades Report

The Final Grades Report is distributed at the conclusion of each semester for all student-athletes.

Study Table Program

The Office of Academic Support Services for Student-Athletes provides a Study Table Program for all student-athletes. Each coach is given the option of utilizing the services offered or conducting their own sport-specific program. If a coach elects to use the Study Table Program, a minimum requirement of weekly hours will be established.

Study Table is monitored by the office's Graduate Assistant, in addition to work-study employees. Study Table hours are offered Sunday through Thursday in the Ezra Lehman Library (lower level). A minimum of 10 hours per week are made available for the student-athletes. Student-athletes that utilize the Study Table Program must adhere to specific policies and procedures regarding conduct and are required to sign a contract each semester.

Policies and Procedures

Study Table proctors will sign-in and sign-out each student-athlete. All student-athletes are required to leave their student ID with the proctor for the duration of their attendance at Study Table. Laptop computers may be used in the Study Table area. However, student-athletes will not be dismissed to utilize the computer labs located in other areas of the library. Attendance will be monitored periodically. If a student-athlete is not in attendance, the individual will lose all time earned during that session.
