Business Minor
John L. Grove College Of Business

The business minor offered by the College of Business at Shippensburg University is an excellent opportunity to gain a solid foundation in business. The minor also provides the foundation training for those who may wish to enroll in an MBA program after graduation from college.

In order to be admitted to the minor, you must successfully complete the general education prerequisites for the program. The first prerequisite is the completion of ECO101 Principles of Microeconomics, ECO102 Principles of Macroeconomics **or** ECO113 Principles of Economics. The second prerequisite is the completion of MAT140 College Algebra, a higher-level mathematics course, **or** a Math SAT score of 550 or higher. Admission to the business minor is dependent upon a satisfactory grade point average (2.0), and space may be limited depending upon the demand of the required courses.

The business minor consists of four required core business courses and two business elective courses. These courses include:

Required Core Courses:

ACC 200	Fundamentals of Financial Accounting
FIN 311	Financial Management **(Prerequisite: ACC200)**
MGT 305	Organizational Behavior
MKT 305	Principles of Marketing

Elective Business Courses:

Two (2) College of Business courses with advisement and after completion of prerequisites.
