## Behind the Scenes **Old Main Tour** (Tunnel, Fourth Floor, and Cupola)

*Exclusive!*

Friday at 2:00PM • Saturday at 10:00AM  
\$75 (Each tour limited to eight people only!\*)

Get in on this exclusive tour! Take a narrated tour through the university's underground tunnel from the former steam plant (Morgan School of Engineering) underground to the basement of Old Main, and visit the closed fourth floor of Old Main which used to serve as dorm rooms. This exclusive tour then climbs the steps to the landing inside the cupola bell tower.

*\*This is a walking tour. A small section of the tunnel is only four feet in height so you must be able to crouch walk. Steps required to the first floor landing inside the cupola are similar to a captain's ladder (narrow and steep). **Proceeds support services and programming for alumni.***

## Take a walk on the **Rail Trail Sculpture Path**

The paved walkway starts at the intersection of Earl and Fort Streets—better known as the grass triangle—just down the hill from Old Main. On your stroll, read about the sculptures along the trail created by Professor Steve Dolbin's sculpture classes. *The trailhead and museum are accessible via a short walk down the paved walkway from Old Main. Parking is also available across the street from the museum.*

## Cumberland Valley Railroad and Conrail Historical Society **Museums**

Open Dawn to Dusk • Shippensburg Station
