

FACULTY TRAINING AND CONTINUED EDUCATION (FTCE) GRANTS SHIPPENSBURG UNIVERSITY CFEST 2014 - 2015

Purpose: The Faculty Training and Continued Education (FTCE) grants program is intended to fund training and projects that will contribute to the faculty's continued professional growth and development as teaching scholars. Under this program, CFEST wishes to fund the accomplishment of a project or training rather than the presentation of the results (see Travel program). All requests for stipends and/or student wages must be submitted under the Teaching and Research Excellence program.

Eligibility: All tenured and tenure-track faculty.

Deadlines for Submission: 12:00 noon on 10/1/2014, 11/3/2014, 12/1/2014, 2/2/2015, 3/2/2015, 4/1/2015, and 5/1/2015. No applications will be accepted after noon on 5/1/2015. Applications submitted after travel has occurred are generally not accepted. If funds are depleted, applications for 2014-2015 fiscal year may be closed prior to 5/1/2015. Contact CFESTGrants@ship.edu for further information.

- The project's significance and its expected outcomes
- The project's contribution to the goals of the department, college, or university
- The reasonableness of the budget request
- Quality of proposal (well organized and presented, proofread, etc.)
- Applicants who have received FTCE funding in the past for similar projects will be given reduced priority and/or partial funding

TRAVEL REQUEST INSTRUCTIONS

- A - This section identifies the applicant and his/her organization. An Operator's License Number is required in order to use a state vehicle. Those with out-of-state operator's licenses are required to give their numbers plus a two-letter abbreviation showing the state of issue.
- B - The destination should be a specific city or town. If traveling to a college or university, be sure to show the city or town in which located or which is closest. Avoid abbreviations in the **Purpose** space, since these are not always known to those who must later review the **REQUEST**. If presenting a paper or chairing a meeting, be sure to include that information.
- C - The state requires that you travel by the most direct route and by the least expensive mode. Your reimbursement may be reduced if both conditions are not met. Designation of a state car as the mode of travel does not guarantee the availability of a state car. That can only be determined by calling Vehicle Dispatch (ext. 1567). Use the Remarks line to provide miscellaneous comments.
- D - The applicant should check the appropriate blocks and provide information that will be needed by the preparer. "Out Service Training" forms are not required for prepayment of registration fees.
- E - The applicant should complete the estimates, total them in the appropriate space, and sign the **REQUEST**. The **REQUEST** is then forwarded up through administrative channels where: (1) approval signatures are affixed; (2) the office having an allocation of travel funds (Travel Funding Approval) will complete the center section and fill in the MAXIMUM TRAVEL ALLOWANCE (615100) in Section E and the amount approved for registration fees (616000) in Section F. When the **REQUEST** reaches the office designated to encumber travel, a **Funds Reservation** is put into the financial accounting system to encumber 615100 and 616000, at which time a FR number is generated by the SAP system. The encumbering office will notate the FR number on the **REQUEST** and make copies of the approved **REQUEST** and distribute:
 - State vehicle - Vehicle Dispatch
 - Travel Advance - c/o Accounts Payable
 - Prepayment of Registration Fees - c/o Accounts Payable

A copy of the approved **REQUEST** will be sent to the applicant as well as the Travel Funding Approval office, if that office is different from the encumbering office.

- G - Foreign travel requires signature of the President or his designee.
