Secondly, all sessions will be held at the Capital Area Intermediate Unit. The benefits of this are:

- There will be additional support by our staff when students are designing lessons in the LFS format (at least 4 consultants/trainers in the room to provide feedback to students)
- Students will have multiple options for attending all students can register for any session.
- Students will interact with students from other universities in the region.
- Opportunity for students to visit an intermediate unit and understand their function
