Appendix 9-1  Requirements to Participate in the Study Abroad Program

SHIPPENSBURG UNIVERSITY

REQUIREMENTS TO STUDY ABROAD

Students are encouraged to meet with an advisor if they are interested in traveling and studying abroad. While programs exist to suit any major, IPO staff emphasize planning early to ensure that a student is able to earn credits towards his or her degree.

Criteria for studying abroad through Shippensburg University include:

- having earned a minimum of thirty college credits;
- having a Grade Point Average of 2.5 or higher; and
- being in good academic and judicial standing.

Financial aid and University scholarships assist with the cost of studying abroad and students are specifically advised on this process. However, Board of Governors' Scholarships cannot be used to assist students while participating in the Study Abroad Program.
