AMP As A Strategic Planning Tool

• Guide the activities of Academic Affairs
• Provide stability during
  – Challenging budget years
  – Times of leadership change
• Integrate with university planning, budget, assessment cycles
  – Annual and 3-5 year cycles
  – Accreditation cycles
  – Program review cycles
• Identify and set commonly-held priorities & goals
• Priorities and goals drive:
  – Initiation of new activities
  – Modification or discontinuation of current activities
  – Associated resource allocations
AMP-Driven Funding & Initiatives

• Over-awarding scholarships
  – G/O 2.1; Strategy B
• Advisors for Undeclared Students

Using AMP:
Departments, Offices, Committees

• Departments, offices, committees are NOT expected to do everything in AMP.

• AMP goals, objectives, strategies, activities are NOT all expected to occur or be achieved in year 1.
  – Phased-in approach over 1-5 years
  – Resource considerations
  – Some require additional exploration

President's Budget Message – September 2012

Dear Ship Family:

As fall semester begins, I’d like to share with you some current information about the 2012-13 academic year budget.

Over the past few years, Shippensburg University faced significant reductions in state appropriations. Despite modest tuition increases, our budget was constrained. To adjust, we made reductions after receiving input from you and other members of the campus community — input that helped us provide needed programs, services and support.

This year the initial state budget proposal cut 20 percent from fund reductions for Pennsylvania State System of Higher Education and its 14 members. The Shippensburg University funding followed an 18 percent cut for the 2011-12 academic year.

While the 2012-13 budget that was finally approved and signed by the governor for PASSHE, it still left a significant funding gap. We were able to close the gap with a $188 annual tuition increase that PASSHE’s Board of Governors approved. But, this is the fifth time in eight years that the increase

2013-2015 Academic Affairs Focus

• Four AMP goals and objectives
  • 2.1 – student recruitment
  • 2.2 – student retention & persistence
  • 3.1 – experiential learning & high impact practices
  • 4.1 – faculty recruitment & retention

• Why these four?
  • Prioritization of strategies in AMP
  • Overall student success (2.2 & 3.1)
  • Hallmarks of a Ship education (3.1)
  • Middle states recommendations (2.2 & 4.1)
  • Impact on operating budget (2.1 & 2.2)
  • Performance funding factors (2.1, 2.2, 3.1, 4.1)
### Direct Impact of Recruitment and Retention on University Budget

**Tuition revenue, as of 2/20/13 PBC, has come in $193,643 less than budgeted**

**Need to increase enrollment till use of one-time money (in red + ~ $200K = ~$1.4 million) becomes $0, assuming items 2-7 are ongoing adjustments**

**Increased expenses due to pending contracts are estimated to be $1 million**

**Total Savings:** $1,222,833

$156,369
Budget context

• Using one-time money until enrollments grow to previous level
• One-time money is being used at a rate that is much greater than it grows
• One-time money sources
  • Performance funding (getting less per year now)
  • PCDE generated reserves
  • Adjunct/overload money not spent first year of cuts
• Will take several years to regain enrollment level
  • if enroll + retain 100 FTE UG each year, then will take ~ 4 years to reach previous enrollment
  • if 50, then ~ 8 years
• **Must use dollars strategically**
  • Investments – what activities will produce the greatest recruitment and retention – pay for themselves and contribute to the budget / enrollment gap; best those that also contribute to performance funding
