

# Shippensburg University Mathematics Department Seminar

## OUTSTANDING MATHEMATICS TEACHERS SPEAK OUT!

---

**Kelly Brent and Maureen Honeychuck**

**Carlisle High School and Susquehannock High School**

**Abstract:** In recognition of their leadership, creativity, and expertise as high school mathematics teachers, each of this week's seminar presenters has been awarded the title "Outstanding Teacher and University Lecturer for 2011-2012" by the Shippensburg University School Study Council. They join us for a two-room seminar format in which students and faculty will have the opportunity to interact with each of the presenters as they share experiences and information about teaching mathematics. Come learn about the rewards, challenges, and success-based strategies that are part of their mathematics classrooms!

**Thursday  
April 12, 2012  
3:30 – 4:30 pm  
MCT 262**

This seminar will be of special interest to all students in the secondary mathematics certification concentration\*, including methods students and student teachers, as well as other math majors interested in teaching, other education majors, and faculty.

\*This seminar may be counted toward your pre-methods math portfolio (profession-related experiences); talk to your certification advisor for details.

**CARLISLE HIGH SCHOOL**  
*Carlisle Area School District*

**SUSQUEHANNOCK HIGH**
