What Graduates Say About the CMPDC

“The career center was one of the most impactful influences on me during my time at Shippensburg University. Victoria was always supportive of me in all my endeavors and helped me to become the person I wanted to be and the person she envisioned I could be. Javita was also very influential in getting me involved in service in the community. It helped me to end up leading others in service and helping to make the community a little better.”

“The Career Fair enabled me to become comfortable in a job searching process. It proved to me that my major did not restrict me, it opened me open to many options I have never even thought of.”

“I have been on Ship’s campus for both my undergraduate and graduate degree and the Career Services have helped me many of times along my way. They have helped me prepare for interviews, negotiate salary, and even helped more with my resume. Their services are phenomenal and I am sad to be leaving this area because there is no other place that cares as much as they do!”
