Business Minor
John L. Grove College Of Business

The business minor offered by the College of Business at Shippensburg University is an excellent opportunity to gain a solid foundation in business. The minor also provides the foundation training for those who may wish to enroll in an MBA program after graduation from college.

In order to be admitted to the minor, you must successfully complete the general education prerequisites for the program. The first prerequisite is the completion of ECO101 Principles of Microeconomics, ECO102 Principles of Macroeconomics or ECO113 Principles of Economics. The second prerequisite is the completion of MAT140A/B College Algebra, or MAT117 Applied Statistics, or a higher-level mathematics course, or a Math SAT score of 550 or higher. Admission to the business minor is dependent upon a satisfactory grade point average (2.0), and space may be limited depending upon the demand of the required courses.

The business minor consists of four required core business courses and two business elective courses. These courses include:

Required Core Courses:
- ACC 200 Fundamentals of Financial Accounting
- FIN 311 Financial Management (Prerequisite: ACC200)
- MGT 305 Organizational Behavior
- MKT 305 Principles of Marketing

Elective Business Courses:
Two (2) College of Business courses with advisement and after completion of prerequisites.

(SEE NEXT PAGE FOR APPLICATION)
APPLICATION FOR ADMISSION TO THE BUSINESS MINOR
JOHN L. GROVE COLLEGE OF BUSINESS
