INNOVATION

Innovation is the silver bullet that comes in the smallest and largest of undertakings. Finding a new, more efficient route to work or the cure for polio are each moments that provide their undertaking a sense of pride and accomplishment for asking the question “What if?” Curiosity, unwillingness to accept status quo, implementation, follow up, and grit all characterize the spirit of innovation Shippensburg University aims to accomplish.

ENTREPRENEURIAL LEADERSHIP

The Diller Center stands ready to mentor, support, and encourage any student who wishes to strike out on their own with an idea, to build the next Ford, Microsoft, Amazon, or potentially more important, creating the most trustworthy and innovative Main Street staple.
