**Industry:** Education

**Company Overview:**
The Young Men’s Christian Association (YMCA) was founded in London, England, on June 6, 1844, in response to unhealthy social conditions arising in the big cities at the end of the Industrial Revolution (roughly 1750 to 1850). Growth of the railroads and centralization of commerce and industry brought many rural young men who needed jobs into cities like London. They worked 10 to 12 hours a day, six days a week. Far from home and family, these young men often lived at the workplace.
