HISTORY MAJORS: IMPORTANT SCHEDULING INFORMATION

The History and Philosophy Department would like to call your attention to the following items regarding registering for Fall 2014 classes. Please note you will register on-line using the Self-Service Banner system.

➤ Please make an appointment with your advisor for advisement well before the time that you are scheduled to register for classes. Advisors cannot give your academic needs the proper attention if you show up at the last minute. Most advisors have signup sheets for advisement posted on their office doors. You will not be able to register your courses until your advisor gives you a personal PIN number. You will need to have that PIN # in order to schedule. You will receive an e-mail with directions on how to register for courses via the computer using Self-Service Banner. You will have 3 days to register for courses for Fall 2014 during your registration time. Please be sure to check your time and make sure you schedule during that window. Otherwise, you will have to wait until all other students have scheduled. NOTE: Please check now to see if you have any holds on your record that might interfere with your ability to schedule.

➤ You must save all of your work in all of your history courses. Future courses will require you to use representative examples of your history work to complete assignments. Please bring any questions regarding this to your advisor.

➤ Please remember that B.A. students need to complete HIS 203: Theory and Practice of History and HIS 397: Seminar in Comparative History to graduate. Students who have completed at least 30 credits should consider registering for HIS203 Theory and Practice. Seniors in their final semester should register for HIS 397 Comparative History. If you are planning to graduate in the coming semester, and you have not scheduled these courses, please contact the History Department immediately—preferably before your scheduling window closes.

➤ Begin working on your language requirement now if you are a BA major. Students should make appropriate progress to fulfill the foreign language requirement. You need to complete a language through the 103 level unless you have completed three years in high school. This means three semester of language coursework (101, 102, 103)—so the latest you should begin taking language courses is the spring of your junior year (Please talk to your advisor about your language requirement). Please note this requirement cannot be waived.

➤ Please remember that courses numbered below 100 are considered developmental in nature and cover material at a pre-college level. Credits earned in these courses do not count toward the total number of credits required for graduation. If you’ve been required to take these courses, you will be required to complete additional courses to meet the minimum of 120 credit hours required for graduation.

➤ Performing arts students please note that you may only apply a maximum of 3 credits from participation in a for-credit musical performance group towards the 120 credits needed for graduation.

➤ ROTC students may only apply a maximum of 8 credits from the eighteen available in the ROTC core program towards graduation as free electives.

➤ For students who are near graduation, please use the degree audit program in the my.ship.edu system to verify that you have met all degree requirements and completed all necessary coursework. If you have questions, please check with your advisor, or make an appointment with Dr. Burg immediately so that you can be confident you will graduate on time.

➤ All B.S.Ed. students are reminded that there are many professional requirements. To ensure that you are fulfilling these requirements, it is your responsibility to make an appointment with your B.S.Ed. advisor in addition to your regular advisor. You should make this appointment before the advisement period begins. Please make sure you have the most up-to-date “Pink Sheet” with the new certification requirements. Additionally, the university is requiring all students to maintain insurance and clearances for their field service hours and student teaching. Please check the list of required clearances and obtain all that are needed in a timely fashion.

BSED advisors are:        Last Name Begins with the letter:
Dr. Betty Dessants (DHC213, X1263, badass@ship.edu)        A-M
Dr. Robert Shaffer (WRI326, X1180, roshaf@ship.edu)        N-Z
**ELECTIVE COURSES for Semester I, 2014-2015**
