PROFESSIONAL DEVELOPMENT OPPORTUNITIES

GRANTS • RESEARCH • TRAVEL • SCHOLARSHIPS

For additional information on any program announcement included in this issue, please call the contact office listed—or if you prefer—we will contact the office for you to obtain this information. For general information or technical assistance in planning, writing or submitting your application, please call the Institute for Public Service at (717) 477-1251.

This information is also available on our website at:  
http://webspace.ship.edu/ipssp/private/Opportunities.htm

This website is restricted to use on campus.
A link to SPIN (Sponsored Programs Information Network)—a funding opportunities database for individual searches—is also available on this website.

Institute for Public Service & Office of Sponsored Programs
Volume:  01-10
Date: January 12, 2010
1. Human Subjects Committee Chairperson

   Dr. Jennifer Clements
   Department of Social Work & Gerontology
   Shippen Hall 335
   Phone number: ext. 1633

   The Application to Use Human Subjects in Research form is available on our website [www.ship.edu/~ipssp/forms](http://www.ship.edu/~ipssp/forms)

2. The Center for Faculty Excellence in Scholarship and Teaching (C-fest) website is [www.ship.edu/~cfest](http://www.ship.edu/~cfest).
Grant Information Opportunities

SPIN Assistance
Faculty interested in learning more about the Sponsored Program Information Network (SPIN) should call Cristy Lentz, ext. 1251, to schedule a tutorial session. She makes office visits!

SPIN is a database service designed to provide up-to-date information on current federal and non-federal grant- funding opportunity program announcements. Additional information about SPIN can be found on pages 6 and 7 of this month's Opportunities. To register for one of these workshops, please call Cristy Lentz at 477-1251.

Grants.Gov Application Process

Grants.gov provides a unified electronic storefront for interactions between grant applicants and the Federal agencies that manage grant funds. There are 26 Federal grant-making agencies, including NIH, NEH and NSF, and more than 900 individual grant Programs that award over $400 billion in grants each year. The grant community, including state, local and tribal governments, academia and research institutions, and not-for-profits, need only visit one website, Grants.gov. It provides access to annual grant funds available across the Federal government as well as providing:

- A single source for finding grant opportunities.
- A standardized manner of locating and learning more about funding opportunities.
- A single, secure and reliable source for applying for Federal grants online.
- A simplified grant application process with reduction of paperwork.
- A unified interface for all agencies to announce their grant opportunities, and for all grant applicants to find and apply for those opportunities.

NOTE

Grants.gov is both a search tool and electronic means of applying for federal grants. The Institute for Public Service (IPS) is registered as the Authorized Organizational Representative (AOR) for Shippensburg University. The IPS coordinates all grant application submissions made by University staff and faculty. We have successfully processed electronic submissions through NSF Fast Lane process. Our grant officer colleagues across the country with experience with the Grants.gov process have had various problems with application submissions. Utilizing the Grants.gov system will require that a fully executed application has to be ready for electronic submission at least five working days prior to the application deadline. Please contact this office, 202 Old Main, 477-1251, before you begin any applications through Grants.gov so that we may advise and assist you throughout the application process.
To: Faculty
Re: Grant Applications

The staff of the Institute for Public Service is available to assist you as needed in all phases of application development and research administration, including: developing your project idea, choosing the funding agency, assisting with the project design, and processing your application. We will help you . . .

Develop the Idea. Many consider the idea the most important aspect of any project. At the Institute for Public Service, we will help you develop your idea into a workable project. The care with which this step is completed often determines whether the project will be funded.

Identify Potential Sources for funding through source searches, Program announcements, and through direct contact with agency personnel. Custom-tailored computer-assisted searches are available through the University’s membership in the American Association of State Colleges and Universities (AASCU) Grant Resource Center.

Assist with Project Design. In order for your project to be successful, the project design must be carefully planned and executed.

Write the Application. The staff of the Institute will assist in editing and reviewing the application. Also, we will assist you with all forms required by the funding agency.

Design the Budget. The staff of the Institute will provide technical assistance in preparing your project budget, and in identifying appropriate funding levels for budget line items to enhance your project and make it competitive during the review process.

Understand Project Guidelines. Each funding agency has specific guidelines concerning application and program procedures. The Institute staff will assist you in reviewing and interpreting these guidelines.

Obtain Necessary Program Materials and forms for completion of the grant application.

Communicate with Funding Agencies, answer questions and when necessary, negotiate the budget.

Assist You in Implementing the project upon approval. All applications prepared by faculty and staff requesting support, real or in-kind, for a project from an external funding agency must be reviewed by the Senior Staff of the university before it is sent off-campus. This review begins at the department and college level and progresses through the Provost to the President. After receiving an award letter and verification that your application has been funded, the following steps are necessary to start your project:
1. Contact the Director of the Institute for Public Service & Office of Sponsored Programs and arrange a meeting to discuss the administration of your grant. The Institute staff is prepared to assist and advise you in implementing the grant.

2. Attend the “Grant Kick Off” meeting arranged for you by the grant accounting office. This meeting (which includes staff from the following offices: Grant Accounting, Purchasing, Personnel, and Travel) is designed to review university policies and procedures necessary for the successful implementation of the grant.

Please observe the following:

**Do:** Obtain approval through the university’s purchasing system for all purchases; including supplies, equipment, and services.

**Don’t:** Make any purchases that are to be charged to the grant prior to the official start date of the grant.

**Do:** Get prior approval through the university’s contracting office for the services of all consultants. Consultant contracts must be in place prior to the start of any work.

**Don’t:** Sign any document or make any verbal agreement that would obligate the university to perform any service or expend any funds.

**Do:** Submit travel orders in advance to comply with all university and system travel regulations. All foreign travel requires pre-approval from both the funding agency and the University. The use of a U.S. flag carrier is required on all foreign travel conducted with funds under a Federal grant.

**Don’t:** Conduct any travel for which you would want to receive reimbursement from grant funds prior to the date of the official award letter.

Any questions may be directed to the Institute for Public Service & Office of Sponsored Programs at (717) 477-1251.
WHAT IS IT?

SPIN … Sponsored Programs Information Network is a funding opportunities database designed to provide up-to-date information on current federal and non-federal Program announcements. Anyone operating a computer on the university network may access SPIN WWW.

GENIUS … Global Expertise Network for Industries, Universities and Scholars is a global WWW network and database of scientific and scholarly expertise.

SPIN + GENIUS = SMARTS … Spin Matching and Research Transmittal Service is an electronic matching and funding opportunity notification system.

WHAT IT CAN DO FOR YOU

SPIN allows you to search for funding opportunities using specific categories and key words.

GENIUS allows you to enter your own Investigator Profile into the SPIN database. The system contains profiles entered and maintained by scholars and researchers at leading universities and research institutions throughout the world. GENIUS provides global recognition to participants and serves as a registry of institutional talent and expertise to be used by industry and academia alike.

SMARTS provides investigators with a direct and targeted electronic link to comprehensive, current and available research funding information.

SPIN HOW IT WORKS

You will then be on the SPIN Search Engine Screen, where you may enter search criteria and run quick and advanced searches. Instructions and search tips are provided behind the HELP button. You may also contact Cristy Lentz (extension 1251 or InfoEd 1-800-727-6427) with questions.

GENIUS HOW IT WORKS

TO ENTER A PROFILE: From InfoEd's homepage (http://www.infoed.org), click on Access Info.Office, select SMARTS/GENIUS. That will bring you to the main SMARTS/GENIUS Page. You will see a link to “Create a New Profile.” Click on Create a New Profile. On the next page, select Shippensburg University from the list, and click Select. Then just follow the instructions in filling out the different screens. You can create your own username and password, allowing you to access your profile.

The Institute for Public Service will receive an automatic e-mail notice as each new user signs on to the system. When this is received we will validate each new investigator.

In addition to setting up your own profile you can search for other researchers to locate potential partners/collaborators. You can access GENIUS Search from the Info.Office Main Menu. Feel free to
search the global database to locate investigators with specified expertise; and to use the search engine to generate institutional reports!

**SMARTS HOW IT WORKS**

To receive SMARTS matches, investigators must create individual profiles. You can elect to receive daily electronic notification of funding opportunities that matches you GENIUS profile against funding Program announcements in SPIN. Matched Programs are e-mailed to individual researchers every day in either summary or complete reports. If you do not wish to receive daily e-mails select NO for the question “SMARTS output/hits will be e-mailed to you as SPIN matches are found on a daily basis.” on the General Information/User Preferences page in GENIUS profile. You will still be able to access SPIN and do individual searches and have access to GENIUS profile.

If you would like additional information, please contact Cristy Lentz, extension 1251, or e-mail celent@ship.edu.
This publication includes deadline dates for the month of April 2010 and late announcements for the months of March 2010 and February 2010. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (*) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

**Arts/Humanities/International**

**Alexander von Humboldt Foundation**
- TransCoop Programme
  - Deadline: Apr 30

**American Library Association**
- Diversity Research Grants
  - Deadline: Apr 01

**Henry Luce Foundation**
- Luce Fund in American Art (Exhibitions and Publications)
  - Deadline: Apr 01

**National Council for Eurasian and East European Research**
- Grants and Fellowships for Eurasian and East European Research
  - Deadline: Apr 15

**National Endowment for the Humanities**
- Summer Seminars & Institutes (Host)
  - Deadline: Mar 02

**Open Society Institute**
- Academic Fellowship Program
  - Deadline: Apr 07

**Samuel H. Kress Foundation**
- Kress Fellowships
  - Deadline: Apr 01
- Kress Grants
  - Deadline: Apr 15

**Truman (Harry S.) Library Institute for National & International Affairs**
- Research Grants (Graduate Students & Postdoctoral Scholars)
  - Deadline: Apr 01

**U.S. Agency for International Development**
- Unsolicited Concept Papers and Proposals
  - Deadline: Apr 01

**U.S. Department of State**
- International Sports Programming Initiative
  - Deadline: Mar 12
- Professional Fellows Program
  - Deadline: Feb 26

**Woodrow Wilson International Center for Scholars**
- East European Studies (EES)
  - Deadline: Apr 16

Program: TransCoop Programme
Agency: Alexander von Humboldt Foundation
Next Deadline: Apr 30, 2010
Supports research cooperation among German, American and/or Canadian scholars in the humanities, social sciences, economics, or law. Partners must hold doctoral degree and have conducted postdoctoral research. The American and/or Canadian partner must provide matching funds at least equal the amount applied for (up to 55,000 EUR). Funds can be used to finance short-term research visits, special conferences and workshops, materials and equipment, printing costs, and research assistance. Program: Luce Fund in American Art (Exhibitions and Publications)
Agency: Henry Luce Foundation
Next Deadline: Apr 01, 2010
Supports exhibitions & publications that contribute to the study of American art. Each proposed project must result in a tangible product that can be added to the body of scholarship in the field. All periods & genres of American art history are included. The program is aesthetically & object-based & does not include projects that are primarily historical, documentary, or sociological. Eligibility is limited to American museums with a commitment to American art. A required LOI may be submitted at any time, but no later than 4/1 for possible summer review. Full proposal due 6/15. See http://www.hluce.org/americanart.aspx for details. E-mail: hlf1@hluce.org

Program: Diversity Research Grants
Agency: American Library Association
Next Deadline: Apr 01, 2010
Supports original research to address critical gaps in the knowledge of diversity issues within library & information science with three awards of $2,000. Eligibility is limited to ALA members. Awards also include a $500 travel grant to attend ALA conferences to present research findings. Other programs available. See http://tinyurl.com/73tc8d for details. Email: diversity@ala.org

Program: Grants and Fellowships for Eurasian and East European Research
Agency: National Council for Eurasian and East European Research
Next Deadline: Apr 15, 2010
Supports humanities and social science policy research on Russian, Eurasian and East European social, political, economic, and historical development. National Research Competition and Collaborative Humanities Research Fellowship (2/15) supports collaborative and individual research. Hewett Fellowships (3/15) support research under a U.S. government agency. Short-term Travel Grants (4/15, 12/15) and other awards also available. See http://www.nceeer.org/Programs/programs.php for details. Email: info@nceeer.org

Program: Research Grants, Fellowships, & Short-Term Travel Grants
Agency: American Foundation for AIDS Research
Next Deadline: Feb 03, 2010
Supports research in biomedical science relevant to HIV/AIDS through targeted and general RFPs. Grants are offered in three areas: General Research, Global Initiatives, and Public Policy. Deadlines vary according to area, then topic. Each RFP typically has series of deadlines for LOIs and applications. Applicants may be required to submit successful pre-submission forms and LOIs to receive invitations to apply. MSM Initiative Community Awards for Eastern Europe and Central Asia are available (2/3/10). See http://www.amfar.org/cgi-bin/iowa/index.html for details. Email: grants@amfar.org or grants.admin@amfar.org

Program: Research, Training & Professorship Grants
Agency: American Cancer Society
Next Deadline: Apr 01, 2010
ACS is the largest non-government funder of cancer research in the U.S. Supports over 20 programs to provide funds to all levels of investigators & an enhanced commitment to psychosocial & behavioral, health services, health policy, epidemiological, clinical & cancer control research. Also sponsors training grants for health professionals as well as other special initiatives and international programs. Most grants have deadlines of 4/1 and/or 10/15; however, others have varying deadlines. See http://tinyurl.com/k95yw for details. Email: annette.jordan@cancer.org

Monday, January 11, 2010  Deadlines Page 10 of 28
Program: Graduate Research Scholarships/Student Travel Awards  
Agency: American Psychological Association  
Next Deadline: Apr 01, 2010  
Several kinds of grants available. Graduate students in good standing may apply. Student Travel Awards (4/1/10) provide $300 to about 100 psych grad students for travel to APA Convention; Early Researcher Award (9/15/09) supports three $1,000 awards for projects completed before dissertation. APF/COGDOP Award must ask psych dept. for nomination (6/15/10). Eligibility limited to student affiliate or associate members of APA. Dissertation research awards (9/15/10) also available. See http://www.apa.org/about/awards/index.aspx for details. Email: scistudent@apa.org or nsinger@apa.org

Program: Basic Science Research Grants  
Agency: American Society for Surgery of the Hand  
Next Deadline: Apr 01, 2010  
Supports research projects related to the field of hand surgery to encourage young investigators. It is anticipated that the funding will enable these investigators to initiate projects that will lead to additional funding. There are no specific project guidelines within the framework of hand surgery. In the past, funding has been provided for a range of subjects. Seed grants of up to $20,000 available/year. Proposals must have IRB or Animal Research Review Board approval and/or exemption letters prior to submission. Clinical Research grants also available. See http://tinyurl.com/ymbqgep for details. Program: NIOSH Support for Conferences & Scientific Meetings  
Agency: Centers for Disease Control and Prevention  
Next Deadline: Apr 12, 2010  
Supports high quality (R13) conferences/scientific meetings on the prevention of work-related illness, injury, disability, and death. Interests include disease (i.e., asthma, hearing loss, infectious diseases, injury) prevention & work environment & workforce issues. NIOSH may accept applications for up to five years when a series of annual or biennial meetings is proposed by a sponsoring organization. LOIs are requested 60 days before application due dates. See http://grants.nih.gov/grants/guide/pa-files/PAR-08-072.html for details. E-mail: JKarr@cdc.gov.

**Program:** NIH Support for Conferences and Scientific Meetings  
**Agency:** National Institutes of Health  
**Next Deadline:** Apr 12, 2010  
NIH-wide program supports quality meetings (parent R13; cooperative agreement-U13) that are relevant to NIH's scientific mission & to public health. Supports symposiums, seminars, conferences, workshops or formal meetings where persons assemble to coordinate, exchange, & disseminate information &/or explore a problem, or area of knowledge. Support is contingent on fiscal & programmatic priorities of the individual ICs. PI must present letter from IC staff documenting permission to apply. PA expires 5/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-10-071.html

**Contact:** Refer to PA for List of Contacts Office of Extramural Research 6705 Rockledge Drive Bethesda, MD 20892
**Program:** Small Business Innovation Research Grant (SBIR) Program  
**Agency:** National Institutes of Health  
**Next Deadline:** Apr 05, 2010  
SBIR is a set-aside program (2.5% of an agency's extramural budget) for domestic small businesses to engage in research/research & development (R/R&D) that has the potential for commercialization. PHS's program supports grant applications (R43;R44) to NIH, CDC, ACF & FDA from small businesses in biomedical or behavioral research areas. Support is normally provided for six months/$100,000 for Phase I & 2 years/$750,000 for Phase II. AIDS-related projects are due by 1/2; 5/1; & 9/1. See http://grants.nih.gov/grants/funding/sbir.htm

**Program:** Lab to Marketplace: Tools for Brain & Behavioral Research (SBIR)  
**Agency:** National Institutes of Health  
**Next Deadline:** Apr 05, 2010  
NIMH & several NIH institutes support small business research (R43/44) for the translation of technologies for brain or behavioral research from academic & other non-small business research sectors to the marketplace. Requires close collaboration between original technology developer & small businesses. May be accomplished in any number of ways, including the use of multiple PIs but small business concern is applicant. Budgets up to $350,000 total costs per year for up to two years for Phase I may be requested. Expires 1/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-071.html

**Program:** Independent Scientist in Global Health Award  
**Agency:** National Institutes of Health  
**Next Deadline:** Mar 01, 2010  
Supports career development (K02) opportunities in the field of global health. The K02 provides three, four or five years of research & salary support & protected time for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Each independent scientist career award program must be tailored to meet the individual needs of the candidate. Expires 3/2/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-065.html

Monday, January 11, 2010  
**Deadlines Page 14 of 28**
Program: International Research Scientist Development Award
Agency: National Institutes of Health
Next Deadline: Mar 01, 2010
Supports U.S. postdoctoral biomedical, epidemiological, clinical, social and behavioral scientists in the formative stages of their careers to conduct research (K01) in developing countries. These awards will support three- to five-years of protected time for mentored research and career development experiences, leading to an independent research career focused on global health. Expires 3/2/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-066.html E-mail: sinab@mail.nih.gov
CFDA Number: 93.989

--------------------------------------------
Program: Energy Efficiency and Renewable Energy System Technology R&D
Agency: National Institutes of Health
Next Deadline: Apr 05, 2010
Supports small business research (SBIR/STTR) related to energy efficiency or renewable energy system R&D projects & the implementation of such new technologies in medical care. Examples: technologies to optimize battery usage &/or energy consumption by medical devices; patient monitoring technology that decreases transportation to medical facilities; remote diagnostics; & instrumentation for monitoring growth of biofilms & anaerobic bacteria. Only small businesses are eligible, but collaboration with universities encouraged. Expires 1/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-101.html for STTR details.

--------------------------------------------
Program: NIDCD Small Grant Program
Agency: National Institutes of Health
Next Deadline: Feb 24, 2010
Supports small grants (R03) for scientists at the beginning of their independent research careers. Research must be focused on one or more areas: hearing, balance/vestibular, smell, taste, voice, speech, or language. Will support different types of projects including secondary analysis of existing data; small, self-contained research projects; development of research methodology; & development of new research technology. The intent is for the PD/PI to obtain sufficient preliminary data for a subsequent R01. Expires 11/1/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-055.html Email: watsonb@nidcd.nih.gov

--------------------------------------------
Program: High Throughput Tools for Brain and Behavior (SBIR/STTR)
Agency: National Institutes of Health
Next Deadline: Apr 05, 2010
NIMH & NINDS support small business concerns (R41/R42; R43/44) that propose to develop & commercialize technologies for high throughput data acquisition & analysis that could aid research fields of basic behavioral science, neuroscience or neuroAIDS. Appropriate applications would include those proposing research and development of tools for high throughput measures at any level (or combination of levels) of analysis: from molecules through behavior, including cognition and social behavior. Expires 9/8/10. See http://grants.nih.gov/grants/guide/pa-files/PA-08-002.html for STTR details. E-mail: mgrabb@mail.nih.gov

**Program:** Visiting Research and Student Summer Fellowship Programs  
**Agency:** American Institute for Economic Research  
**Next Deadline:** Mar 20, 2010  
Visiting Research Fellowships support summer research in residence at the institute in areas such as money, banking, and credit; public and personal finance; economic and monetary history; the methodology of economics; and the role of individual freedom, private property, and free enterprise in economic progress. Summer Fellowships support students entering or enrolled for up to two years in a doctoral program in economics or affiliated discipline. Fellows study at the institute for one month and receive room, board, and stipend. See [http://www.aier.org/education/](http://www.aier.org/education/) for details. E-mail: fellowship@aier.org

**Program:** Anthropology Internship Program (Undergraduates & Graduates)  
**Agency:** American Museum of Natural History  
**Next Deadline:** Apr 01, 2010  
Supports undergraduate and graduate internships for projects relating to collections or ongoing research interests of the curatorial staff in the museum or in the field. Collections and research are focused on North, South, and Mesoamerican archaeology and ethnology; Asian, African, and Pacific ethnology; and Human Biology. Internships also awarded in collections management, archives, and conservation. Deadline is April for summer fellowships, August for fall internships, and December for spring internships. E-mail: anita@amnh.org See [http://anthro.amnh.org/anthropology/collections/InternshipGuide.shtml](http://anthro.amnh.org/anthropology/collections/InternshipGuide.shtml) for details.

**Program:** Visiting Scientists Fellowship Program  
**Agency:** Joint Institute for Laboratory Astrophysics (JILA)  
**Next Deadline:** Apr 30, 2010  
Supports short-term (up to 4 weeks) and long-term (six weeks to one year) visits to JILA by distinguished scientists to work with JILA staff at UC Boulder. Research interests include Atomic Physics; Chemical Physics; Materials Physics and Chemistry; Optical Physics; Precision Measurement; and Astrophysics. Stipend pays for salary, travel, and laboratory and/or computational expenses. Short-term visit deadlines 1/31, 4/30, 7/31, and 10/31 annually. Proposals for longer-term visits due by 11/1. See [http://jilawww.colorado.edu/employ/vf.html](http://jilawww.colorado.edu/employ/vf.html) for details. E-mail: glennc@jila.colorado.edu

Program: Research Opportunities in Aeronautics
Agency: National Aeronautics and Space Administration
Next Deadline: Apr 30, 2010
Typically supports research in four programs: Airspace Systems Program supports air traffic management research needs; Aviation Safety Program supports new & legacy vehicles to enhance safety of air transportation system.; Fundamental Aeronautics Program supports research in all flight regimes to produce data, knowledge, & design tools applicable across a broad range of air vehicles; & Aeronautics Test Program supports protection & preservation of key aeronautics test facilities. ARRA and FY 10 funding amounts are TBD. See http://tinyurl.com/ykvq58d for details. E-mail: NASA-roa@nasa.gov

Program: Coastal Counties Restoration Initiative
Agency: National Association of Counties (NACo)
Next Deadline: Mar 29, 2010
Supports innovative, county-led or -supported wetland, riparian, and coastal habitat restoration projects. Awards range from $50,000-$100,000. Projects are community centered and work with NOAA’s Community-based Restoration Program which provides technical assistance in all aspects of coastal habitat restoration. Universities are eligible if working in partnership with a NACo member county. See http://tinyurl.com/8ry5at for details. E-mail: CClingan@naco.org

Program: Assembling The Tree of Life (AToL)
Agency: National Science Foundation
Next Deadline: Mar 22, 2010
Supports creative and innovative research that will resolve evolutionary relationships for large groups of organisms throughout the history of life. Support also available for data acquisition, analysis, algorithm development, and dissemination in computational phylogenetics and phyloinformatics. There is a strong current focus on major taxonomic groups not yet addressed by current or previous AToL projects, including major groups of prokaryotes, protists, protostomes, and viruses. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5129 for details. E-mail: BIO-atol@nsf.gov

Program: NSF-CBMS Regional Research Conferences in the Mathematical Sciences
Agency: National Science Foundation
Next Deadline: Apr 16, 2010 (target date)
Supports five-day conferences featuring distinguished lectures on a topic of important current research in one sharply-focused area of the mathematical sciences. Each lecturer prepares an expository monograph, which is normally published as a part of a regional conference series. Support is provided for about 30 participants at each conference including new and established researchers, postdoctoral fellows, and graduate students. Target date is 4/16 but proposals will be accepted through 4/23/10. See http://www.cbmsweb.org/NSF/index.htm for details. E-mail: lkolbe@maa.org

Program: CISE Pathways to Revitalized Undergraduate Computing Education (CPATH)
Agency: National Science Foundation
Next Deadline: Apr 22, 2010
Supports development of student competencies in computing concepts, methods, technologies, & tools ("computational thinking") to revitalize undergraduate education. Successful proposals will include administrators, researchers, educators, & students in institutions of higher education. Engagement of stakeholders in other types of organizations is encouraged. Proposals must demonstrate the engagement of faculty with expertise in the core computer & information science & engineering disciplines. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=500025 for details. E-mail: htaylor@nsf.gov

Program: Domestic Nuclear Detection Office/NSF Academic Research Initiative (ARI)
Agency: National Science Foundation
Next Deadline: Apr 26, 2010
Supports frontier research at academic institutions focused on detection systems, individual sensors, or other research that is potentially relevant to the detection of nuclear weapons, special nuclear material, radiation dispersal devices, & related threats. Seeks to advance fundamental knowledge in new technologies for the detection of nuclear threats & to develop intellectual capacity in fields relevant to long-term advances in nuclear detection capability. Proposals on detection of biological, chemical, and conventional weapons are specifically excluded. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503223 for details.

### Federal-State Marketing Improvement Program (FSMIP)

**Program:** Federal-State Marketing Improvement Program (FSMIP)

**Agency:** U.S. Department of Agriculture

**Next Deadline:** Feb 10, 2010

Program funds a wide range of applied research projects that address barriers, challenges, and opportunities in marketing, transportation, and distribution of U.S. food and agricultural products domestically and internationally. IHEs can only partner with state agencies that assume the lead role in FSMIP projects. See [http://tinyurl.com/8hr6b](http://tinyurl.com/8hr6b) for details. E-mail: janise.zygmont@ams.usda.gov

**Program:** Dwight David Eisenhower Transportation Fellowship Program  
**Agency:** U.S. Department of Transportation  
**Next Deadline:** Mar 12, 2010  
Program supports fellowships for the pursuit of master's degrees or doctorates in transportation related fields. The program objective is to attract qualified students to the fields of transportation education and research, and advance transportation workforce development. Awards include up to $10,000 toward tuition and other stipends. Eligibility is open to students who have completed their undergraduate education and are enrolled full-time in a transportation related discipline at an accredited U.S. institution. See http://www.fhwa.dot.gov/opd/universitygrants.htm for details. E-mail: transportationedu@fhwa.dot.gov

**Program:** Activities that Advance Methane Recovery and Use as a Clean Energy Source  
**Agency:** U.S. Environmental Protection Agency  
**Next Deadline:** Apr 15, 2010  
Program's aim is to advance cost-effective, near-term methane recovery and use as a clean energy source. Implementing such projects will reduce greenhouse gas emissions, enhance economic growth, promote energy security, and improve the environment. This initiative involves collaboration among developed countries, developing countries, and countries with economies in transition together with strong participation from the private sector. See http://www.epa.gov/air/grants_funding.html#0801
