PROFESSIONAL
DEVELOPMENT
OPPORTUNITIES

GRANTS • RESEARCH • TRAVEL • SCHOLARSHIPS

For additional information on any program announcement included in this issue, please call the contact office listed—or if you prefer—we will contact the office for you to obtain this information. For general information or technical assistance in planning, writing or submitting your application, please call the Institute for Public Service at (717) 477-1251.

This information is also available on our website at:
http://webspace.ship.edu/ipssp/private/Opportunities.htm

This website is restricted to use on campus.
A link to SPIN (Sponsored Programs Information Network)—a funding opportunities database for individual searches—is also available on this website.

Institute for Public Service &
Office of Sponsored Programs
Volume: 03-10
Date: March 19, 2010

NOTE: The schedule for the Spring 2010 Grant Information Workshops is included on page 2.
Grant Information Workshops

2010 Spring Semester Schedule

During the Grant Information Workshops, we discuss topics related to academic research and scholarly activities at Shippensburg University. We will answer your questions concerning funding sources, the preparation of applications, and the development of budgets to assist you with your research program.

The standard workshops are held in the Institute for Public Service, room 202D, of Old Main as indicated below. Monday workshops will be held from 12:00 p.m. to 1:15 p.m. and Thursday workshops will be held from 12:30 p.m. to 1:45 p.m. There is a limit of 7 participants per standard session. Please feel free to bring your lunch.

*Special Sessions:

1. **InfoEd SPIN** Faculty Training Workshop – William S. DeCocco, Client Relations Coordinator, InfoEd International. Tuesday, March 2, 12:30 pm to 2:00 pm. Grove Hall room 006.
   InfoEd's SPIN search engine and associated GENIUS database is the world's most widely subscribed to database of funding opportunities and is heavily used by a large number of primarily undergraduate institutions. Mr. DeCocco will provide a tutorial of the various features of SPIN, including constructing user profiles and generating e-mail alerts. This workshop is a webinar.

2. **The Foundation for Enhancing Communities (TFEC)** – Rosemary Browne, Director of Programs and Community Investment, TFEC. Tuesday, March 16, 12:30 pm to 1:45 pm, Old Main room 203A.
   Formerly the Harrisburg Foundation, this regional foundation is active throughout south central Pennsylvania. Grants are often service related partnership grants speaking to various topics such as human services (incl. disability services and hospice), the arts, health services, and workforce development.

Grant Information Opportunities

SPIN Assistance
Faculty interested in learning more about the Sponsored Program Information Network (SPIN) should call Cristy Lentz, ext. 1251, to schedule a tutorial session. She makes office visits!

SPIN is a database service designed to provide up-to-date information on current federal and non-federal grant- funding opportunity program announcements. Additional information about SPIN can be found on pages 6 and 7 of this month's Opportunities. To register for one of these workshops, please call Cristy Lentz at 477-1251.

Grants.Gov Application Process

Grants.gov provides a unified electronic storefront for interactions between grant applicants and the Federal agencies that manage grant funds. There are 26 Federal grant-making agencies, including NIH, NEH and NSF, and more than 900 individual grant Programs that award over $400 billion in grants each year. The grant community, including state, local and tribal governments, academia and research institutions, and not-for-profits, need only visit one website, Grants.gov. It provides access to annual grant funds available across the Federal government as well as providing:

- A single source for finding grant opportunities.
- A standardized manner of locating and learning more about funding opportunities.
- A single, secure and reliable source for applying for Federal grants online.
- A simplified grant application process with reduction of paperwork.
- A unified interface for all agencies to announce their grant opportunities, and for all grant applicants to find and apply for those opportunities.

NOTE

Grants.gov is both a search tool and electronic means of applying for federal grants. The Institute for Public Service (IPS) is registered as the Authorized Organizational Representative (AOR) for Shippensburg University. The IPS coordinates all grant application submissions made by University staff and faculty. We have successfully processed electronic submissions through NSF Fast Lane process. Our grant officer colleagues across the country with experience with the Grants.gov process have had various problems with application submissions. Utilizing the Grants.gov system will require that a fully executed application has to be ready for electronic submission at least five working days prior to the application deadline. Please contact this office, 202 Old Main, 477-1251, before you begin any applications through Grants.gov so that we may advise and assist you throughout the application process.
To: Faculty
Re: Grant Applications
The staff of the Institute for Public Service is available to assist you as needed in all phases of application development and research administration, including: developing your project idea, choosing the funding agency, assisting with the project design, and processing your application. We will help you . . .

Develop the Idea. Many consider the idea the most important aspect of any project. At the Institute for Public Service, we will help you develop your idea into a workable project. The care with which this step is completed often determines whether the project will be funded.

Identify Potential Sources for funding through source searches, Program announcements, and through direct contact with agency personnel. Custom-tailored computer-assisted searches are available through the University’s membership in the American Association of State Colleges and Universities (AASCU) Grant Resource Center.

Assist with Project Design. In order for your project to be successful, the project design must be carefully planned and executed.

Write the Application. The staff of the Institute will assist in editing and reviewing the application. Also, we will assist you with all forms required by the funding agency.

Design the Budget. The staff of the Institute will provide technical assistance in preparing your project budget, and in identifying appropriate funding levels for budget line items to enhance your project and make it competitive during the review process.

Understand Project Guidelines. Each funding agency has specific guidelines concerning application and program procedures. The Institute staff will assist you in reviewing and interpreting these guidelines.

Obtain Necessary Program Materials and forms for completion of the grant application.

Communicate with Funding Agencies, answer questions and when necessary, negotiate the budget.

Assist You in Implementing the project upon approval. All applications prepared by faculty and staff requesting support, real or in-kind, for a project from an external funding agency must be reviewed by the Senior Staff of the university before it is sent off-campus. This review begins at the department and college level and progresses through the Provost to the President. After receiving an award letter and verification that your application has been funded, the following steps are necessary to start your project:
1. Contact the Director of the Institute for Public Service & Office of Sponsored Programs and arrange a meeting to discuss the administration of your grant. The Institute staff is prepared to assist and advise you in implementing the grant.

2. Attend the “Grant Kick Off” meeting arranged for you by the grant accounting office. This meeting (which includes staff from the following offices: Grant Accounting, Purchasing, Personnel, and Travel) is designed to review university policies and procedures necessary for the successful implementation of the grant.

Please observe the following:

**Do:** Obtain approval through the university’s purchasing system for all purchases; including supplies, equipment, and services.

**Don’t:** Make any purchases that are to be charged to the grant prior to the official start date of the grant.

**Do:** Get prior approval through the university’s contracting office for the services of all consultants. Consultant contracts must be in place prior to the start of any work.

**Don’t:** Sign any document or make any verbal agreement that would obligate the university to perform any service or expend any funds.

**Do:** Submit travel orders in advance to comply with all university and system travel regulations. All foreign travel requires pre-approval from both the funding agency and the University. The use of a U.S. flag carrier is required on all foreign travel conducted with funds under a Federal grant.

**Don’t:** Conduct any travel for which you would want to receive reimbursement from grant funds prior to the date of the official award letter.

Any questions may be directed to the Institute for Public Service & Office of Sponsored Programs at (717) 477-1251.
Shippensburg University SPIN Plus ACCESS

WHAT IS IT?

SPIN … Sponsored Programs Information Network is a funding opportunities database designed to provide up-to-date information on current federal and non-federal Program announcements. Anyone operating a computer on the university network may access SPIN WWW.

GENIUS … Global Expertise Network for Industries, Universities and Scholars is a global WWW network and database of scientific and scholarly expertise.

SPIN + GENIUS = SMARTS … Spin Matching and Research Transmittal Service is an electronic matching and funding opportunity notification system.

WHAT IT CAN DO FOR YOU

SPIN allows you to search for funding opportunities using specific categories and key words.

GENIUS allows you to enter your own Investigator Profile into the SPIN database. The system contains profiles entered and maintained by scholars and researchers at leading universities and research institutions throughout the world. GENIUS provides global recognition to participants and serves as a registry of institutional talent and expertise to be used by industry and academia alike.

SMARTS provides investigators with a direct and targeted electronic link to comprehensive, current and available research funding information.

SPIN HOW IT WORKS

You will then be on the SPIN Search Engine Screen, where you may enter search criteria and run quick and advanced searches. Instructions and search tips are provided behind the HELP button. You may also contact Cristy Lentz (extension 1251 or InfoEd 1-800-727-6427) with questions.

GENIUS HOW IT WORKS

TO ENTER A PROFILE: From InfoEd's homepage (http://www.infoed.org), click on Access Info.Office, select SMARTS/GENIUS. That will bring you to the main SMARTS/GENIUS Page. You will see a link to “Create a New Profile.” Click on Create a New Profile. On the next page, select Shippensburg University from the list, and click Select. Then just follow the instructions in filling out the different screens. You can create your own username and password, allowing you to access your profile.

The Institute for Public Service will receive an automatic e-mail notice as each new user signs on to the system. When this is received we will validate each new investigator.

In addition to setting up your own profile you can search for other researchers to locate potential partners/collaborators. You can access GENIUS Search from the Info.Office Main Menu. Feel free to
search the global database to locate investigators with specified expertise; and to use the search engine to generate institutional reports!

**SMARTS HOW IT WORKS**

To receive SMARTS matches, investigators must create individual profiles. You can elect to receive daily electronic notification of funding opportunities that matches you GENIUS profile against funding Program announcements in SPIN. Matched Programs are e-mailed to individual researchers every day in either summary or complete reports. If you do not wish to receive daily e-mails select NO for the question “SMARTS output/hits will be e-mailed to you as SPIN matches are found on a daily basis.” on the General Information/User Preferences page in GENIUS profile. You will still be able to access SPIN and do individual searches and have access to GENIUS profile.

If you would like additional information, please contact Cristy Lentz, extension 1251, or e-mail celent@ship.edu.
This publication includes deadline dates for the month of June 2010 and late announcements for the months of May 2010 and April 2010. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

**Agency:** Arthur and Elizabeth Schlesinger Library on the History of Women

**Program:** Research, Grants and Fellowships

**Next Deadline:** Apr 02, 2010

Supports research for scholars whose research requires use of the library’s collections. Grants of up to $3,000 will be given on a competitive basis to cover travel expenses, living expenses, photocopying, and other incidental research expenses, but not the purchase of durable equipment. Oral History Grants support scholars who are conducting oral history interviews relevant to the history of women or gender in the U.S. See [http://www.radcliffe.edu/schles/grants.aspx](http://www.radcliffe.edu/schles/grants.aspx) for details. ---

**Agency:** Canadian Embassy

**Program:** Conference Grant Programs

**Next Deadline:** Jun 30, 2010

Supports conferences that address important and timely issues about Canada, its relationship with the U.S., and its international affairs. The grant is designed to assist an institution in holding a conference and publishing the resulting papers and proceedings in a scholarly fashion. Welcomes conferences that engage local government representatives, NGOs, the business sector, students and the general public as well as promote linkages with Canadian academics and institutions. See [http://tinyurl.com/bgmm6l](http://tinyurl.com/bgmm6l) for details. E-mail: daniel.abele@international.gc.ca

Program: Grants for Arts Projects: Learning in the Arts for Children and Youth
Agency: National Endowment for the Arts
Next Deadline: Jun 10, 2010
Funds projects that help children and youth (5-18) acquire knowledge, skills, and understanding of the arts consistent with national, state, or local arts education standards. Experience, study, performance, and assessment of art related projects is strongly emphasized. No research. Projects may take place in school-based or community-based settings. Projects based at IHEs are eligible if their ultimate impact is on children and youth. Awards range from $5,000 to $150,000. Program: Faculty Research Awards for HBCUs, Hispanic-Serving, and Tribal Colleges
Agency: National Endowment for the Humanities
Next Deadline: Apr 15, 2010
Provides up to $50,400 for full-time tenured, tenure-track, and annual contract faculty at Historically Black, Hispanic-Serving, or Tribal Colleges and Universities to conduct research in the humanities. A Ph.D. is not required. Awards will fund projects that contribute to scholarly knowledge or to the public's understanding of the humanities through publications, presentations, and classroom teaching. Awards are made to individual faculty. See http://www.neh.gov/grants/grants.html for details. Email: FacultyResearch@neh.gov

Program: Humanities Initiatives for Faculty at HBCUs, HSIs & TCUs
Agency: National Endowment for the Humanities
Next Deadline: Jun 15, 2010
Program seeks to strengthen and enrich humanities education and scholarship at the three types of Presidential-designated institutions: HBCUs, Hispanic-Serving Institutions, and Tribal Colleges & Universities. NEH is particularly interested in proposals in the following categories: American history, world literatures, languages, and humanities connections to science, medicine, and technology. Grants are for up to $100,000. Regional or multi-institutional projects are encouraged. No cost sharing required. See http://www.neh.gov/grants/grants.html for details. Email: rboggs@neh.gov

**Program:** Reading and Writing Education Research  
**Agency:** U.S. Department of Education  
**Next Deadline:** Jun 24, 2010  
Supports projects to expand scientific knowledge of how students develop proficient levels of reading and writing comprehension, how reading and writing comprehension can be taught most optimally, and how it can be assessed in ways that reflect and advance current understanding of reading and writing comprehension and its development. See http://ies.ed.gov/funding/ for Education Research Programs for details, including the special education version of this program (84.324A) which includes language development. E-mail: emily.doolittle@ed.gov or kristen.lauer@ed.gov for special education version.

202/219-1201
Program: Social and Behavioral Context for Academic Learning
Agency: U.S. Department of Education
Next Deadline: Jun 24, 2010
Supports research on interventions designed to improve social skills and behaviors that support academic and other important school-related outcomes (e.g. attendance, high school graduation rates) in typically developing students in K-12. See http://ies.ed.gov/funding/ for Education Research Programs for details including the special education version of this program (84.324A--Social and Behavioral Outcomes to Support Learning). E-mail: emily.doolittle@ed.gov or jacquelyn.buckley@ed.gov for special education version.

Program: Special Education Research: Transition Outcomes for Secondary Students
Agency: U.S. Department of Education
Next Deadline: Jun 24, 2010
The purpose of the research program is to contribute to the improvement of transition outcomes for secondary students with disabilities. Transition outcomes include the behavioral, social, communicative, functional, occupational, and academic skills that enable young adults with disabilities to obtain and hold meaningful employment, live independently, and obtain further education and training. See http://ies.ed.gov/funding/ for Special Education Research Programs for details. E-mail: robert.ochsendorf@ed.gov

Program: Improving Literacy Through School Libraries
Agency: U.S. Department of Education
Next Deadline: Apr 20, 2010
Program helps LEAs improve reading achievement by providing students with increased access to up-to-date school library materials; well-equipped, technologically advanced school library media centers; and professionally certified school library media specialists. In FY 10, approximately $18.5 million is available to support 53 awards. Eligibility is limited to LEAs that serve at least 20 percent low income families. Collaborative opportunities may exist for colleges and universities. See http://www.ed.gov/programs/lsl/index.html for details. E-mail: Pilla.Parker@ed.gov

**Program:** Magnet Schools Assistance  
**Agency:** U.S. Department of Education  
**Next Deadline:** May 03, 2010  
Program provides grants to eligible LEAs (IHEs can partner) to establish and operate magnet schools that are operated under a court-ordered or federally approved voluntary desegregation plan. Magnet programs aim to eliminate, reduce, or prevent minority group isolation in elementary and secondary schools while strengthening students' knowledge of academic subjects and their grasp of marketable vocational skills. In FY 10, $100 million is available for 40 awards. LOIs strongly encouraged by 4/5/10. Competitions held every three years. E-mail: rosie.kelley@ed.gov

--------------------------------------------
**Program:** Gang Resistance Education And Training (G.R.E.A.T.) Program  
**Agency:** U.S. Department of Justice  
**Next Deadline:** Apr 22, 2010  
G.R.E.A.T. is a school-based, law enforcement officer-instructed classroom curriculum. The program's primary objective is prevention and is intended as an immunization against delinquency, youth violence, and gang membership. G.R.E.A.T. lessons focus on providing life skills to students to help them avoid engaging in delinquent behavior and violence to solve problems. Program requires a 10 percent non-federal match. IHEs can partner. Only one award in FY 10. See http://www.ojp.usdoj.gov/BJA/grant/great.html for details. E-mail: david.adams@usdoj.gov

**Program:** Data Resources Program: Analysis of Existing Data  
**Agency:** U.S. Department of Justice  
**Next Deadline:** Apr 16, 2010  
Supports secondary analysis that enhances understanding of crime and informs criminal justice policy and practice in the U.S. Research proposals should seek either to replicate original findings or, preferably, extend research by testing new hypotheses with existing data. NIJ will give preference to research that asks compelling crime and justice questions rather than research that merely furthers statistical methods or technical refinement of data sets. Awards are up to $35,000 each. See http://www.ojp.usdoj.gov/nij/funding/current.htm for details. E-mail: Ronald.Wilson@usdoj.gov

Program: Improving Health Care Quality through Health Information Technology
Agency: Agency for Healthcare Research and Quality
Next Deadline: Jun 16, 2010
Supports a wide variety of research designs in order to improve the quality, safety, effectiveness and efficiency of health care through health IT. Applications must focus on the following settings: ambulatory setting; transitions in care between ambulatory settings; or transitions in care between an ambulatory setting and non-ambulatory setting. Designs include: small pilot and feasibility or self-contained health IT research projects; secondary data analysis; and economic analyses of health IT. Expires 11/17/11. Bethesda, MD 20892

**Program:** Community Participation in Research  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
NIH & CDC/NIOSH support intervention research (R01) on health promotion, disease prevention & health disparities that communities & researchers jointly conduct. Examples include: promotion of physical activity-friendly neighborhoods; tobacco, alcohol & drug abuse prevention among youth; establishing safer work practices among agricultural workers in rural areas; hypertension and cardiovascular disease prevention and control in minority populations; or nutrition & reducing childhood obesity. Expires 5/8/11. See [http://grants.nih.gov/grants/guide/pa-files/PA-08-074.html](http://grants.nih.gov/grants/guide/pa-files/PA-08-074.html) E-mail: Sampsond@od.nih.gov

**Program:** Research On Ethical Issues In Human Subjects Research  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
Many NIH institutes & OBSSR support research (R01; R03; R21) addressing ethical issues in the conduct of research involving human subjects. Applications must include hypotheses & preliminary data for proposed empirical research & are strongly encouraged to take into consideration issues that have relevance to specific missions of the NIH participating components. Collaborative & interdisciplinary projects encouraged, particularly those by clinical researchers, ethicists & behavioral/social scientists. Expires 9/8/10. See [http://grants.nih.gov/grants/guide/pa-files/PA-07-277.html](http://grants.nih.gov/grants/guide/pa-files/PA-07-277.html) Email: oepmailbox@mail.nih.gov

**Program:** Methodology and Measurement in the Behavioral and Social Sciences  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
OBSSR & many NIH institutes support research (R01; R03; R21) that will improve quality & scientific power of data collected in the behavioral & social sciences, relevant to the missions of the participating NIH ICs. Encourages applications addressing four general areas of methodology & measurement research in the social & behavioral sciences. These areas include research design, data collection techniques, measurement & data analysis. Multidisciplinary & interdisciplinary approaches are strongly encouraged. Expires 9/8/11. See [http://grants.nih.gov/grants/guide/pa-files/PAR-08-212.html](http://grants.nih.gov/grants/guide/pa-files/PAR-08-212.html) for R01 details. E-mail: olsterd@od.nih.gov

**CFDA Number:** 93.866  
**Contact:** Deborah H. Olster, Deputy Director  
OBSSR  
31 Center Drive  
Bethesda, MD 20892-2027  
301/451-9225
OBSSR & many NIH institutes support research (R21) that propose to apply one or more system science methodologies to public health & health care systems problems & contribute to effective decision making around development & prioritization of policies, interventions & programs to improve population health. Applicants encouraged to submit projects that tackle policy resistant health problems using a systems science methodology. Direct costs are limited to $275,000 over an R21 two-year period. Expires 9/8/11. See http://grants.nih.gov/grants/guide/pa-files/PAR-08-224.html E-mail: mabryp@od.nih.gov

---

NCCAM, NCI & Office of Dietary Supplements support basic, mechanistic, &/or preclinical research (R01; R21) across the broad spectrum of biomedical science underlying CAM practices, which are grouped into 4 major domains: mind-body medicine, biologically based practices, manipulative & body-based practices, & energy medicine. Also supports studies in whole medical systems & encourages research to employ technologies to strengthen the knowledge bases needed to improve clinical practice. PA expires 1/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-010.html E-mail: pontzercl@mail.nih.gov

---

NCI, NIAAA & Office of Dietary Supplements support clinical & preclinical research (R01; R21) to determine how diet & dietary factors, including dietary supplements, impact DNA methylation, histone posttranslational modification, noncoding RNA & other epigenetic processes involved in cancer prevention & development. Also supports collaborations between nutrition & epigenetic experts to study bioactive food components with cancer-preventative properties & to examine key epigenetic events in cancer processes. Expires 9/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-234.html for R01 details. E-mail: rosssha@mail.nih.gov

---

NCI & NIDCR support innovative research (R01, R21) that proposes to identify biomarkers for cancers where the etiology of the disease is attributed to infectious agents. With the advent of high-throughput molecular profiling technologies (e.g., gene microarrays, antibody arrays, & peptide mapping using mass spectrometry), it has become easier to identify molecular signatures of infected host cells & to perform correlative studies to identify high-risk populations. PA expires 5/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-156.html for R01 details. E-mail: kruegerk@mail.nih.gov

**Program:** Epigenetic Approaches in Cancer Epidemiology  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
Supports research (R01; R21) that propose to evaluate profiles of methylation, histone modifications and micro RNA (miRNA) and their association with risk of developing cancer in different populations. The overarching goal is to provide support for population based studies to define the role of epigenetic markers (methylation, histone and micro RNA profiles) changes to understand cancer etiology. Expires 1/8/13. See http://grants.nih.gov/grants/guide/pa-files/PA-10-031.html for R01 details. E-mail: vermam@mail.nih.gov

**Program:** Impact of Health Communication Strategies on Dietary Behaviors  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
NCI, several NIH institutes plus OBSSR, FDA & CDC support research (R01; R21) focused on the development & implementation of effective communication strategies related to diet and health. Applicants are required to propose studies utilizing a communications research strategy for dietary behavior that can integrate at least 2 of the 3 primary levels (individual, community/environment, policy) within an ecological framework. Observational and intervention studies are equally encouraged. Expires 9/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-239.html for R01 details. E-mail: atienzaa@mail.nih.gov

Program:  Improving Diet and Physical Activity Assessment
Agency:  National Institutes of Health
Next Deadline:  Jun 16, 2010
NCI and several NIH institutes plus the Office of Dietary Supplements support research (R21) to enhance the quality of measurements of dietary intake & physical activity. Areas of interest: development of novel assessment approaches; better methods to evaluate instruments; assessment tools for culturally diverse populations or various age groups; improved technology or applications of existing technology; or methods to investigate multidimensionality of diet & physical activity behavior through pattern analysis. Expires 7/17/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-09-225.html for details. E-mail: subara@mail.nih.gov

Program:  Obesity Policy Research: Evaluation and Measures
Agency:  National Institutes of Health
Next Deadline:  Jun 05, 2010
NCI, several NIH institutes & OBSSR support research (R01, R03, R21) to inform public policy & research relevant to diet, physical activity behavior & weight & health outcomes of Americans. Encourages studies that conduct evaluation research on obesity-related natural experiments (such as community & other population-level public policy interventions), or develop relevant community-level measures (instruments & methodologies to assess the food & physical activity environments at the community level). Expires 1/8/13. See http://grants.nih.gov/grants/guide/pa-files/PA-10-027.html for R01 details. E-mail: mckinnonn@mail.nih.gov

Program:  Research on the Economics of Diet, Activity and Energy Balance
Agency:  National Institutes of Health
Next Deadline:  Jun 05, 2010
NCI, NIDDK, NIA, NHLBI, NINR, NICHD & OBBSR support research (R01; R21) on energy balance (relationship between diet, physical activity, & body composition). Major focus is on enhancing state-of-the-science on the causes of obesity & inform federal decision making on effective public health interventions for reducing U.S. rate of obesity. Also intended to promote collaborative activities between researchers trained in economics & specializing in public health, cancer, cardiovascular diseases, & other chronic diseases. PA expires 1/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-078.html for R01 details. E-mail: breenn@mail.nih.gov

**Program:** Testing Tobacco Products Promoted to Reduce Harm  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
NCI & NIDA support multidisciplinary research (R01; R21) on potential reduced-exposure tobacco products, both smoked & smokeless, through interplay of basic, biological, & behavioral research, surveillance, & epidemiology. Tobacco industry is promoting products that claim to be less harmful or addictive. Key research question--do reduced-exposure tobacco products provide a less-harmful alternative to conventional tobacco products? Expires 5/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-046.html for R01 details. E-mail: djordjev@mail.nih.gov

**Program:** Ethical, Legal & Social Implications (ELSI) Regular Research Program  
**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
NHGRI, along with several NIH institutes, support research (R01; R03) projects that anticipate, analyze and address the ethical, legal, and social implications (ELSI) of the discovery and use of new information and technologies resulting from human genomic research. ELSI research projects focus on a wide range of issues, including: intellectual property; factors influencing translation of genetic information; & use of genetic & genomic information & technologies in non-health care settings. Deadlines refer to R01 applications. Expires 1/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-012.html for R01 details.

Program: Career Enhancement Award for Stem Cell Research
Agency: National Institutes of Health
Next Deadline: Jun 12, 2010
NHLBI, NCI, NIDDK, NIAAA & NIEHS support training and career development (K18) for junior researchers, or more senior researchers, who need to appropriately use stem cells in their research. Applicants need to enlist a well-qualified stem cell expert, either within their own institution or elsewhere, to serve as a mentor. Project period typically six months to one year, although up to two years may be appropriate in some situations. Provides salary & research support. Part-time career development activities can be accommodated. Expires 5/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-110.html E-mail: mondorot@nhlbi.nih.gov

Program: Nutrition & Physical Activity Research to Promote Cardio & Pulmonary Health
Agency: National Institutes of Health
Next Deadline: Jun 05, 2010
NHLBI, NCCAM & NINR support research (R01; R21) on the roles of nutrition & physical activity in the development, prevention & management of cardiovascular diseases or pulmonary diseases. Of special interest are studies to improve knowledge of contribution of diet & physical activity to these conditions & how sleep influences these relationships; increase the evidence base for refining public health recommendations & clinical guidelines regarding these lifestyle behaviors; & develop & test strategies to improve the adoption of these recommendations. Expires 9/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-243.html E-mail: loriac@nhlbi.nih.gov

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2010 (tentative)

NIBIB & many NIH Institutes support research partnerships (R01) that integrate physical, chemical, mathematical, computational, & engineering sciences to study biology, medicine, behavior, & health. Encourages a systems approach to prevent, diagnose, & treat disease, by integrating bioengineering or allied quantitative sciences & biomedical or clinical sciences in universities, labs, med. schools, industry, etc. PA expires in May but NIBIB says PA will definitely be renewed & there should be no discontinuity in acceptance of applications. See http://grants.nih.gov/grants/guide/pa-files/PAR-07-352.html for details. E-mail: alee@mail.nih.gov

---

**Program:** Biosocial Approaches to Infertility Research

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2010

Supports exploratory/developmental collaborations (R21) between socio-behavioral & biomedical scientists in the area of infertility. Research should aim either to develop methods or theories incorporating biomedical aspects of infertility into social & behavioral science research projects or generate methods or theories that allow biomedical researchers to address the broader social & behavioral concerns. Projects may focus on basic or clinical research. Expires 1/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-032.html E-mail: rozking@mail.nih.gov

---

**Program:** Community-Based Partnerships for Childhood Obesity Prevention and Control

**Agency:** National Institutes of Health

**Next Deadline:** Jun 16, 2010

NICHD, NCI, OBSSR & CDC support childhood obesity research (R03; R21) by fostering the formation of local, state, or regional teams consisting of researchers, policymakers & other stakeholders (e.g., community representatives, public health practitioners or officials, educators) to identify research questions & hypotheses, design & implement relevant research & translate the research into evidence relevant to potential policy efforts in this area. Expires 5/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-140.html for R03 details. E-mail: huangter@mail.nih.gov

**Program:** Contextual Approaches to Prevention of Unintended Pregnancy

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2010

Supports research (R01; R21) on the prevention of unintended pregnancies in the U.S. Focus is on research that will inform interventions addressing cultural & structural factors that produce high rates of unintended pregnancy across the reproductive age span, especially in low-income populations. Wide range of interventions are supported, from clinical interventions to interventions that influence cultural, economic, social, structural &/or policy factors contributing to unintended pregnancy. PA expires 1/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-014.html for R01 details. E-mail: newcomes@mail.nih.gov

--------------------------------------------

**Program:** Reducing Risk Behaviors by Promoting Positive Youth Development

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2010

NICHD & several Institutes support research (R01; R03) to enhance understanding of effective positive youth development programs & the mechanisms responsible for positive health & developmental outcomes. This will be accomplished through development, implementation, & evaluation of new or improved positive youth development programs, the evaluation of existing, successful programs, or the evaluation of effective, evidence-based, gender-inclusive programs adapted, translated, or disseminated for new populations of youth & adolescents. Expires 9/8/11. See http://tinyurl.com/nmyonk for R01 details. E-mail: haverkol@mail.nih.gov

**Program:** Research on Teen Dating Violence

**Agency:** National Institutes of Health

**Next Deadline:** Jun 05, 2010

NICHD, NIDA, NIAAA & the Office for Research on Women's Health support research (R01; R21) that proposes to conduct behavioral and/or biomedical research aimed at better understanding the etiologies and precursors for, reducing risk for, and incidence of, teen dating violence. Research is also sought that examines the linkages and gaps among perceptions of appropriate responses to teen dating violence from service providers, the criminal justice system, teens themselves, victims, perpetrators and bystanders. Expires 9/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-169.html for details. E-mail: newcomes@mail.nih.gov

Program: Accelerating Pace of Drug Abuse Research Using Existing Research Data

Agency: National Institutes of Health

Next Deadline: Jun 05, 2010

NIDA, NCI and OBSSR support the innovative analysis (R01) of existing social science & behavioral data to study the etiology and epidemiology of drug using behaviors (defined as alcohol, tobacco, other drug), HIV risk behaviors, related disorders, prevention & treatment of these behaviors & health service utilization including quality, access costs. Analyses of these data provide opportunities for relatively low-cost research on the epidemiology, prevention & treatment of drug abuse. Expires 1/8/13. Program: Behavioral Science Track Awards for Rapid Transition (B/START)

Agency: National Institutes of Health

Next Deadline: Jun 16, 2010

Supports small grant (R03) applications from newly independent investigators (no more than five years beyond training status) for small-scale, exploratory, or pilot research projects related to NIDA’s behavioral sciences mission. Scope of the behavioral research includes all areas of behavioral research related to drug abuse. Funding is relatively rapid (within approximately six months of the date of receipt of the application). Nonrenewable awards are for one year at $75,000 in direct costs. Expires 9/8/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-09-239.html E-mail: pschnur@nida.nih.gov

Program: Imaging - Science Track Award for Research Transition (I/START)  
Agency: National Institutes of Health  
Next Deadline: Jun 16, 2010

Supports small grants (R03) for the entry of investigators to the area of neuroimaging, including both new & established investigators seeking to adopt neuroimaging methodologies in their research. Focus is on small research projects that can be carried out in a short period of time with limited resources. Uses a brief application form that is intended to allow for the description of a proposal to generate preliminary drug abuse brain imaging data. Up to $150,000 is available for one year (non-renewable). Expires 1/8/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-09-073.html E-mail: lstanfor@nida.nih.gov

Program: Prescription Drug Misuse  
Agency: National Institutes of Health  
Next Deadline: Jun 05, 2010

Supports research (R01; R03; R21) to combat prescription drug misuse while supporting appropriate medical use of therapeutic agents that carry an abuse liability. A range of research is being solicited including epidemiologic research specifying the extent and nature of the problem (including physical and mental health and social consequences) as it relates to each specific drug and identifying determinants and trajectories of use. Proposed research can integrate drug abuse research in dental settings. Expires 5/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-127.html for R01 details. E-mail: denisco@nida.nih.gov

Program: Improving Intervention Possibilities for Communication Disorders
Agency: National Institutes of Health
Next Deadline: Jun 28, 2010
Supports development of new interventions (R21; R33) for communication disorders. Goal is to identify & develop new methodologies & insights into the basic biology of communication sciences that have potential for clinical & translational application but are still at preliminary exploratory stage. Projects will necessarily have an uncertain outcome but must have a realistic expectation to yield enhanced intervention & treatment tools with widespread application in hearing, balance, smell, taste, voice, speech & language. Expires 6/29/10. See http://grants.nih.gov/grants/guide/pa-files/PAR-09-056.html E-mail: davisbl@nidcd.nih.gov

Program: NIDCD Small Grant Program
Agency: National Institutes of Health
Next Deadline: Jun 29, 2010
Supports small grants (R03) for scientists at the beginning of their independent research careers. Research must be focused on one or more areas: hearing, balance/vestibular, smell, taste, voice, speech, or language. Will support different types of projects including secondary analysis of existing data; small, self-contained research projects; development of research methodology; & development of new research technology. The intent is for the PD/PI to obtain sufficient preliminary data for a subsequent R01. Expires 11/1/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-055.html Email: watsonb@nidcd.nih.gov

Program: Young Children with Mild to Severe Hearing Loss
Agency: National Institutes of Health
Next Deadline: Jun 05, 2010
Supports research (R01; R21) addressing developmental research questions &/or development of measurement tools for infants & young children with mild to severe hearing loss. Outcomes should be appropriate to age group. For children birth-3 years these may include auditory skill development, communicative gestures, symbolic play, cognitive development, adaptive behavior, parenting & family impact. For children 3-5 outcomes may include adequacy of amplification, & children over 5 years, academic achievement & literacy. Expires 7/6/10. ### Reducing Diabetes & Obesity Related Health Disparities in Healthcare Systems

**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
Supports research to identify healthcare system factors leading to disparate diabetes & obesity health outcomes. Research must examine at least one of the following; healthcare professional factors such as training, bias or discriminatory attitudes; patient factors such as attitudes, behavioral, cultural, education level, or utilization of services; healthcare organizational factors such as processes of care, policies, or communication; and community factors such as cultural norms and practices. Expires 7/6/10. See http://grants.nih.gov/grants/guide/pa-files/PA-07-388.html

### MARC Undergraduate Student Training in Academic Research (U-STAR)

**Agency:** National Institutes of Health  
**Next Deadline:** May 25, 2010  
Allows institutions with significant enrollments of students from underrepresented groups to provide training (T34) for honors minority undergraduates at junior & senior level. Goal is to prepare students for entry into graduate programs leading to the Ph.D. in a biomedical science. The MARC PD/PI should be a full-time faculty member with strong records in research, teaching, training & administration. Supports tuition, fees, stipends for trainees & release time for MARC faculty. Limited Submission: 1 award per institution. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-119.html

### Metals in Medicine Program

**Agency:** National Institutes of Health  
**Next Deadline:** Jun 05, 2010  
NIGMS, NIEHS, NCI & Office of Dietary Supplements support research (R01) that bridge areas of inorganic chemistry & medicine. Mechanisms by which organisms control transition metal ions & roles of these metals in cellular regulation & signaling in health & disease are of primary interest. Interactions of synthetic inorganic complexes with living systems & their components & understanding mechanisms of metal handling by biological systems & basic cellular roles underlying nutritional requirement for essential metals are also of interest. PA expires 9/8/11.

Program: Nanoscience and Nanotechnology in Biology and Medicine
Agency: National Institutes of Health
Next Deadline: Jun 05, 2010

Many NIH institutes support research (R01; R21) aimed at enhancing nanoscience & nanotechnology research focused on problems in biology & medicine. An important challenge for the field is to determine the assembly instructions for a cell & then to implement these instructions to generate synthetic cellular components at the nanoscale. Research is encouraged into the manner in which these biological building blocks & processes integrate or assemble & how these processes can be constructively modified. Expires 1/8/11. See http://grants.nih.gov/grants/guide/pa-files/PA-08-052.html for R01 details. E-mail: lewisc@nigms.nih.gov

Program: Dissemination and Implementation Research in Health
Agency: National Institutes of Health
Next Deadline: Jun 05, 2010

NIMH & many other NIH institutes & OBSSR support research (R01; R03: R21) to develop & refine effective methods, structures & strategies to disseminate & implement research-tested health behavior change interventions & evidence-based prevention, early detection, diagnostic, treatment & quality of life improvement services into public health & clinical practice settings. Focus is on overcoming barriers to the adaptation of evidence-based interventions that previous research has shown effective, but not widely used. PA expires 1/8/13. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-038.html for R01 details. E-mail: cgordon1@mail.nih.gov

Program: Women's Mental Health and Sex/Gender Differences Research
Agency: National Institutes of Health
Next Deadline: Jun 05, 2010

Supports research (R01; R21) to study women’s mental health & sex/gender differences in mental health. A pattern of disparities in the epidemiology of mental disorders in males & females provides indirect evidence of genetic, hormonal, biological, social, cultural & developmental factors in etiology & course. NIMH seeks to increase understanding of the significance of sex/gender differences in mental health outcomes. Expires 5/8/12. See http://grants.nih.gov/grants/guide/pa-files/PA-09-108.html for R01 details. E-mail: olearyk@mail.nih.gov

Program: Women's Mental Health in Pregnancy and the Postpartum Period
Agency: National Institutes of Health
Next Deadline: May 25, 2010

NIMH, NIDA, NICHD & AHRQ support research (R01; R21) on women's mental health in relation to pregnancy and the postpartum period. Research that occurs throughout pregnancy and the postpartum period (the perinatal period) is encouraged. Research is encouraged on perinatal non-psychotic mood disorders and on psychotic disorders. Four area are of particular interest: clinical course, epidemiology, and risk factors; basic and clinical neuroscience; interventions; and services. Expires 5/8/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-10-174.html E-mail: olearyk@mail.nih.gov

Arlington, VA 22230
703/292-8549

Program: Workforce Program in the Mathematical Sciences
Agency: National Science Foundation
Next Deadline: Jun 15, 2010
Supports innovative unsolicited workforce proposals in three areas: recruitment and retention to increase number and diversity of U.S. students who successfully pursue undergraduate and graduate degrees in math and statistics; educational breadth to broaden graduate and undergraduate education content in the mathematical sciences to prepare students for a wider range of career opportunities; and professional development. Full proposal window 5/15 to 6/15 annually. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503233 for details. E-mail: bpalka@nsf.gov

Program: Algorithms for Threat Detection
Agency: National Science Foundation
Next Deadline: May 20, 2010
Administered in partnership with the Defense Threat Reduction Agency to develop the next generation of mathematical and statistical algorithms for the detection of chemical and biological threats. Solicits proposals from the mathematical sciences community in two main thrust areas: mathematical and statistical techniques for genomics, and mathematical and statistical techniques for the analysis of data from sensor systems. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503427 for details. E-mail: mhorn@nsf.gov

Program: University-Industry Cooperative Research Programs in Math Sciences (UICRP)
Agency: National Science Foundation
Next Deadline: Jun 02, 2010
Supports opportunities for mathematical scientists to conduct research in an industrial environment and for industrial scientists to return periodically to academia, to acquire new knowledge and to move it efficiently into technology. Four types of awards: university-industry postdoctoral research fellowships; university-industry senior research fellowships; industry-based graduate research assistantships; and industry-based graduate cooperative fellowships. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=156 for details. E-mail: devasius@nsf.gov

**Program:** Antarctic Research  
**Agency:** National Science Foundation  
**Next Deadline:** May 25, 2010  
Supports scientific research and research operations to expand fundamental knowledge of the Antarctic, to foster research on global and regional problems of current scientific importance, and to use Antarctica as a platform from which to support research. Supports field work only when a compelling justification exists for doing the work in Antarctica (i.e., the work can only be done, or is best done, in Antarctica). Also supports Antarctic-related analytical research performed at home organizations. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5519 for details. E-mail: lclough@nsf.gov

**Program:** Food Assistance and Nutrition Research Program  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Apr 12, 2010  
Supports new and innovative research and joint projects with ERS researchers through grants and cooperative agreements of between $100,000 and $400,000. FY 10 priorities are Food Assistance and Children’s Well-Being, Interactions Between the Built Environment and Food Assistance Programs, and Using Behavioral Economics and Incentives To Promote Child Nutrition. See http://www.ers.usda.gov/Publications/AP/ap044/DBGen.htm for details. E-mail: FANRP@ers.usda.gov

**Program:** 1890 Facilities Grants Program  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Apr 05, 2010  
Program provides funding to upgrade research, teaching, and extension facilities at 1890 Land-Grant Universities. Grants are made for the acquisition and improvement of food sciences and agricultural facilities and equipment, including libraries, so that the institutions may participate fully in preparation of human capital resources in the food and agricultural sciences. See http://www.csrees.usda.gov/fo/fundview.cfm?fonum=1040 E-mail: pbenepal@csrees.usda.gov

Program: Measurement, Science, and Engineering Research Grants Program  
Agency: U.S. Department of Commerce  
Next Deadline: Jun 01, 2010 (target date)  
NIST Laboratories, located in Gaithersburg, MD and Boulder, CO, conduct research that responds to industry needs for measurement methods, tools, data, and technology. Areas supported: Electronics & Electrical Engineering; Manufacturing Engineering; Chemical Science; Physics; Materials Science & Engineering; Building Research; Fire Research; Information Technology; Neutron Research; & Nanoscale Science. Supports collaborative/extramural research. Applications will be considered on a continuing basis, but if received after June 1, 2010, funding is highly unlikely. See http://www.nist.gov/public_affairs/labs2.htm E-mail: melinda.chukran@nist.gov

Program: Social Science Research in Forensic Science  
Agency: U.S. Department of Justice  
Next Deadline: May 03, 2010  
Supports research that will improve public safety and advance the administration of justice by helping to improve the use of forensic evidence in the criminal justice system and ensure the integrity of forensic processes. Applicants are free to propose projects in the topics identified in the current solicitation or propose other social science projects in the area of forensic science. In FY 10, two awards are expected. See http://www.ojp.usdoj.gov/niij/funding/current.htm for details. E-mail: Katharine.Browning@usdoj.gov

Program: Student Nuclear Engineering Internships  
Agency: U.S. Department of Energy  
Next Deadline: Apr 30, 2010 (tentative)  
Supports graduate and undergraduate internships, designed to enhance education of students majoring in nuclear science, nuclear engineering, technology or health physics related areas that support the mission of DOE's Nuclear Energy Programs. Internships are for 10-12 weeks in summer at these labs: Argonne National Laboratory in Illinois, Idaho National Laboratory in Idaho Falls; & Oak Ridge National Laboratory in Tennessee. Provides undergraduate stipend of $400/week and graduate stipend of $500/week, plus housing allowance. See http://nuclear.inl.gov/nucleareducation/ for details. Email: academic@inc.gov  
CFDA Number: 81.114

208/526-1626

Program: Pollution Prevention (P2) Grant Program  
Agency: U.S. Environmental Protection Agency  
Next Deadline: Apr 06, 2010  
Provides matching funds to support state and tribal programs that address reduction or elimination of pollution across all environmental media (air, land, and water) and strengthen efficiency and effectiveness of state technical assistance programs in providing source reduction information to businesses. Applicants encouraged to establish partnerships with businesses and environmental assistance providers. A 50 percent match required. See http://www.epa.gov/opptintr/p2home/pubs/grants/pps/ ppis/ppis.htm for details. E-mail: TSCA-Hotline@epa.gov

Deadlines Page 44 of 45
Program: Conference and Workshop Grants
Agency: Wenner-Gren Foundation for Anthropological Research
Next Deadline: Jun 01, 2010

Awards of up to $15,000 support conferences and workshops that help create an international research community of scholars in anthropology and advance anthropological research. For Conference Grants, priority is for major annual or public meetings sponsored by international scholarly organizations; majority of funds should go toward travel for presenters. For Workshop Grants, priority is for discussion and debate rather than the presentation of papers; workshops should result in a publication. See http://www.wennergren.org/programs/ for details. E-mail: lobbink@wennergren.org
