

KONICA MINOLTA

PLEASE NOTE: These supported copier/multifunction unit options from Konica Minolta are supported and repaired by Quality Digital Office Technology and can be serviced quickly on campus if needed. Warranty support and repairs are covered under the university's central copier agreement.

Bizhubs are a centrally-located solution for departments and larger offices which allow for the consolidation of multiple printing, scanning, and fax devices into one unit resulting in cost and maintenance savings over the life of the machine. Features include copier, scanner (scan to email), and printer. Fax and finisher options may be added at additional costs. Very low per page cost, estimated at \$0.0045 cents (B&W) and \$0.035 cents color.
