The French Program in the Modern Languages Department is offering 2 combined seminar courses in La Gonâve, Haiti during the winter break of 2014-2015. The courses center on the culture of Haiti and allow students to explore the rich literature and history of the country. Part of the courses is taught online prior to the trip. The trip to Haiti includes a service-learning component: the reconstruction of the Gros Mangles infirmary, which is in ruins and yet the only place to provide health care in the village. The estimated cost of the trip is $1850, which includes all transportation (air and ground), room, meals, taxes, admission fees to museums and participation in the building project. Tuition is additional.

A boat ride with our Haitian friends

We will see the following places:
- The Monument to Dessalines and the Flag.
- The Haitian National Pantheon.
- The Monument to the Nèg Mawon (Escaped slave).
- Traditional markets.

We will participate in the life of a rural area and
- Interview villagers.
- Contribute to the village life with improvements for the school.
