PROFESSIONAL DEVELOPMENT OPPORTUNITIES

GRANTS • RESEARCH • TRAVEL • SCHOLARSHIPS

For additional information on any program announcement included in this issue, please call the contact office listed—or if you prefer—we will contact the office for you to obtain this information. For general information or technical assistance in planning, writing or submitting your application, please call the Institute for Public Service at (717) 477-1251.

This information is also available on our website at:
http://webspace.ship.edu/ipssp/private/Opportunities.htm

This website is restricted to use on campus.
A link to SPIN (Sponsored Programs Information Network)—a funding opportunities database for individual searches—is also available on this website.

Institute for Public Service & Office of Sponsored Programs
Volume: 12-09
Date: December 14, 2009
1. Human Subjects Committee Chairperson

Dr. Jennifer Clements
Department of Social Work & Gerontology
Shippen Hall 335
Phone number: ext. 1633

The Application to Use Human Subjects in Research form is available on our website [www.ship.edu/~ipssp/forms](http://www.ship.edu/~ipssp/forms)

2. The Center for Faculty Excellence in Scholarship and Teaching (C-fest) website is [www.ship.edu/~cfest](http://www.ship.edu/~cfest).
Grant Information Opportunities

SPIN Assistance
Faculty interested in learning more about the Sponsored Program Information Network (SPIN) should call Cristy Lentz, ext. 1251, to schedule a tutorial session. She makes office visits!

SPIN is a database service designed to provide up-to-date information on current federal and non-federal grant- funding opportunity program announcements. Additional information about SPIN can be found on pages 6 and 7 of this month's Opportunities. To register for one of these workshops, please call Cristy Lentz at 477-1251.

Grants.Gov Application Process

Grants.gov provides a unified electronic storefront for interactions between grant applicants and the Federal agencies that manage grant funds. There are 26 Federal grant-making agencies, including NIH, NEH and NSF, and more than 900 individual grant Programs that award over $400 billion in grants each year. The grant community, including state, local and tribal governments, academia and research institutions, and not-for-profits, need only visit one website, Grants.gov. It provides access to annual grant funds available across the Federal government as well as providing:

- A single source for finding grant opportunities.
- A standardized manner of locating and learning more about funding opportunities.
- A single, secure and reliable source for applying for Federal grants online.
- A simplified grant application process with reduction of paperwork.
- A unified interface for all agencies to announce their grant opportunities, and for all grant applicants to find and apply for those opportunities.

NOTE

Grants.gov is both a search tool and electronic means of applying for federal grants. The Institute for Public Service (IPS) is registered as the Authorized Organizational Representative (AOR) for Shippensburg University. The IPS coordinates all grant application submissions made by University staff and faculty. We have successfully processed electronic submissions through NSF Fast Lane process. Our grant officer colleagues across the country with experience with the Grants.gov process have had various problems with application submissions. Utilizing the Grants.gov system will require that a fully executed application has to be ready for electronic submission at least five working days prior to the application deadline. Please contact this office, 202 Old Main, 477-1251, before you begin any applications through Grants.gov so that we may advise and assist you throughout the application process.
To: Faculty
Re: Grant Applications
The staff of the Institute for Public Service is available to assist you as needed in all phases of application development and research administration, including: developing your project idea, choosing the funding agency, assisting with the project design, and processing your application. We will help you . . .

Develop the Idea. Many consider the idea the most important aspect of any project. At the Institute for Public Service, we will help you develop your idea into a workable project. The care with which this step is completed often determines whether the project will be funded.

Identify Potential Sources for funding through source searches, Program announcements, and through direct contact with agency personnel. Custom-tailored computer-assisted searches are available through the University’s membership in the American Association of State Colleges and Universities (AASCU) Grant Resource Center.

Assist with Project Design. In order for your project to be successful, the project design must be carefully planned and executed.

Write the Application. The staff of the Institute will assist in editing and reviewing the application. Also, we will assist you with all forms required by the funding agency.

Design the Budget. The staff of the Institute will provide technical assistance in preparing your project budget, and in identifying appropriate funding levels for budget line items to enhance your project and make it competitive during the review process.

Understand Project Guidelines. Each funding agency has specific guidelines concerning application and program procedures. The Institute staff will assist you in reviewing and interpreting these guidelines.

Obtain Necessary Program Materials and forms for completion of the grant application.

Communicate with Funding Agencies, answer questions and when necessary, negotiate the budget.

Assist You in Implementing the project upon approval. All applications prepared by faculty and staff requesting support, real or in-kind, for a project from an external funding agency must be reviewed by the Senior Staff of the university before it is sent off-campus. This review begins at the department and college level and progresses through the Provost to the President. After receiving an award letter and verification that your application has been funded, the following steps are necessary to start your project:
1. Contact the Director of the Institute for Public Service & Office of Sponsored Programs and arrange a meeting to discuss the administration of your grant. The Institute staff is prepared to assist and advise you in implementing the grant.

2. Attend the “Grant Kick Off” meeting arranged for you by the grant accounting office. This meeting (which includes staff from the following offices: Grant Accounting, Purchasing, Personnel, and Travel) is designed to review university policies and procedures necessary for the successful implementation of the grant.

Please observe the following:

**Do:** Obtain approval through the university’s purchasing system for all purchases; including supplies, equipment, and services.

**Don’t:** Make any purchases that are to be charged to the grant prior to the official start date of the grant.

**Do:** Get prior approval through the university’s contracting office for the services of all consultants. Consultant contracts must be in place prior to the start of any work.

**Don’t:** Sign any document or make any verbal agreement that would obligate the university to perform any service or expend any funds.

**Do:** Submit travel orders in advance to comply with all university and system travel regulations. All foreign travel requires pre-approval from both the funding agency and the University. The use of a U.S. flag carrier is required on all foreign travel conducted with funds under a Federal grant.

**Don’t:** Conduct any travel for which you would want to receive reimbursement from grant funds prior to the date of the official award letter.

Any questions may be directed to the Institute for Public Service & Office of Sponsored Programs at (717) 477-1251.
Shippensburg University SPIN Plus ACCESS

WHAT IS IT?

SPIN … Sponsored Programs Information Network is a funding opportunities database designed to provide up-to-date information on current federal and non-federal Program announcements. Anyone operating a computer on the university network may access SPIN WWW.

GENIUS … Global Expertise Network for Industries, Universities and Scholars is a global WWW network and database of scientific and scholarly expertise.

SPIN + GENIUS = SMARTS … Spin Matching and Research Transmittal Service is an electronic matching and funding opportunity notification system.

WHAT IT CAN DO FOR YOU

SPIN allows you to search for funding opportunities using specific categories and key words.

GENIUS allows you to enter your own Investigator Profile into the SPIN database. The system contains profiles entered and maintained by scholars and researchers at leading universities and research institutions throughout the world. GENIUS provides global recognition to participants and serves as a registry of institutional talent and expertise to be used by industry and academia alike.

SMARTS provides investigators with a direct and targeted electronic link to comprehensive, current and available research funding information.

SPIN HOW IT WORKS

You will then be on the SPIN Search Engine Screen, where you may enter search criteria and run quick and advanced searches. Instructions and search tips are provided behind the HELP button. You may also contact Cristy Lentz (extension 1251 or InfoEd 1-800-727-6427) with questions.

GENIUS HOW IT WORKS

TO ENTER A PROFILE: From InfoEd's homepage (http://www.infoed.org), click on Access Info.Office, select SMARTS/GENIUS. That will bring you to the main SMARTS/GENIUS Page. You will see a link to “Create a New Profile.” Click on Create a New Profile. On the next page, select Shippensburg University from the list, and click Select. Then just follow the instructions in filling out the different screens. You can create your own username and password, allowing you to access your profile.

The Institute for Public Service will receive an automatic e-mail notice as each new user signs on to the system. When this is received we will validate each new investigator.

In addition to setting up your own profile you can search for other researchers to locate potential partners/collaborators. You can access GENIUS Search from the Info.Office Main Menu. Feel free to
search the global database to locate investigators with specified expertise; and to use the search engine
to generate institutional reports!

**SMARTS HOW IT WORKS**

To receive SMARTS matches, investigators must create individual profiles. You can elect to receive
daily electronic notification of funding opportunities that matches you GENIUS profile against funding
Program announcements in SPIN. Matched Programs are e-mailed to individual researchers every day in
either summary or complete reports. If you do not wish to receive daily e-mails select NO for the
question “SMARTS output.hits will be e-mailed to you as SPIN matches are found on a daily basis.” on
the General Information/User Preferences page in GENIUS profile. You will still be able to access SPIN
and do individual searches and have access to GENIUS profile.

If you would like additional information, please contact Cristy Lentz, extension 1251, or e-mail
celent@ship.edu.
This publication includes deadline dates for the month of March 2010 and late announcements for the months of February 2010 and January 2010. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.

Program: Jacob Rader Marcus Center Fellowship Program
Agency: American Jewish Archives
Next Deadline: Mar 18, 2010
Provides month-long fellowships for research & writing at The Jacob Rader Marcus Center, located on the Cincinnati campus of the Hebrew Union College-Jewish Institute of Religion. Fellowship stipends will be sufficient to cover transportation & living expenses while in residence in Cincinnati. Applicants must be conducting serious research in some area relating to the history of North American Jewry, & should be post-doctoral candidates, Ph.D. candidates who are completing dissertations, or senior scholars. See http://www.americanjewisharchives.org/programs_fellowship.php for details. E-mail: kproffitt@huc.edu

Contact: Kevin Proffitt, Director, Fellowship Program (extension 304) 3101 Clifton Avenue Cincinnati, OH 45220-2408 513/221-7444

Program: AMS Subventions for Publications
Agency: American Musicological Society
Next Deadline: Mar 15, 2010
Supports approximately five individuals with expenses involved in the publication of works of musical scholarship, including books, articles, & works in non-print media. Goal is to defray costs not covered by publishers. Proposals that utilize newer technologies are encouraged. The society also encourages proposals from younger scholars in the early stages of their careers. Most awards range from $500 to $2,000 each. Deadlines are 3/15 & 9/15. See http://www.ams-net.org/pubs/subvention.php for details. E-mail: rkendric@uchicago.edu

CFDA Number: 
Contact: Robert Kendrick, Chair, Publications Committee 6010 College Station Brunswick, ME 04011-8451

Program: Library Resident Research Fellowships
Agency: American Philosophical Society
Next Deadline: Mar 01, 2010
Provides up to $3,500 over one year for research in Native American linguistics and ethnohistory in the continental U.S. and Canada. Program will not support work in archaeology, ethnography, psycholinguistics, or pedagogy. Covers travel, tapes, and informants' fees, but not general maintenance or equipment purchase. Preference will be given to young Ph.D. scholars, but applications are also accepted for support of master's theses or doctoral dissertations. See http://www.amphilsoc.org/grants/phillips E-mail: lmusumeci@amphilsoc.org

Program: Curatorial Grant Program  
Agency: Andy Warhol Foundation for the Visual Arts  
Next Deadline: Mar 01, 2010  
Supports curatorial programs at museums, artists' organizations & other cultural organizations that originate innovative & scholarly presentations of contemporary visual art. Projects may include exhibitions, catalogs, education, audience development, & other related activities. Also supports creation of work through artist in residence programs, the work of choreographers & performing artists when the visual arts are an element of a production, & equitable access to resources. Awards range from $10,000-$200,000. Annual deadlines are 3/1 & 9/1. See http://www.warholfoundation.org for details. E-mail: info@warholfoundation.org

Program: Research Fellowships  
Agency: Folger Shakespeare Library  
Next Deadline: Mar 01, 2010  
Provides Long-Term (6 to 9-month) residential fellowships of up to $50,000 for research in fields appropriate to the Folger's collection (British & European literary, cultural, political, religious, & social history of the 15th to 18th centuries). Candidates must be advanced scholars who have made contributions in their fields. Deadline is 11/1 annually. Short-Term Fellowships of $2,500/month for up to three months are also available for postdoctoral scholars from any country. Deadline is 3/1 annually. See http://www.folger.edu/academic/fellows.asp for details. E-mail: cbrobeck@folger.edu

Program: Research Travel Grants Program  
Agency: Gerald R. Ford Library and Museum  
Next Deadline: Mar 15, 2010  
Provides approximately 10 awards of up to $2,000 for travel & living expenses to use the library's archival materials relating to 1960-70s U.S. domestic & economic policies, foreign affairs, & national politics. Deadlines are 3/15 & 9/15 annually. Applications may be submitted at any time & those received too late for one round will be considered in the next. In addition, an award is given annually to one individual to support dissertation research on an aspect of the U.S. political process during the latter part of the 20th century. Program: Translational Research Program
Agency: Leukemia and Lymphoma Society
Next Deadline: Mar 01, 2010 (target date)
Established to encourage and provide support for new and novel clinical research. The goal of the program is to accelerate transfer of findings from the lab to clinical application. The program's purpose is to fund research that shows high promise for translating basic biomedical knowledge to prevention or new treatments and, ultimately, to prolong and enhance life. Awards are up to $200,000. Required preliminary applications are required by 3/1 and full applications are due 3/15. See http://www.leukemia-lymphoma.org/all_page?item_id=11620 for details. New York, NY 10022  
212/686-0010

**Program:** Nursing Education Research Grants  
**Agency:** National League for Nursing  
**Next Deadline:** Feb 17, 2010 (target date)  
Support rigorous, high-quality studies that contribute to the development of the science of nursing education. Emphasis on studies that address innovations in clinical teaching & evaluation of clinical performances. Priority will be given to projects involving multi-site data collection, those addressing the diversity of student populations, & those that allow for partnership between research mentors & protégés. Individual or institutional membership in NLN required. Up to $20K available per award. See http://www.nln.org/research/index.htm for details. E-mail: research@nln.org

**Program:** Challenge and Creativity Awards  
**Agency:** Prostate Cancer Foundation  
**Next Deadline:** Jan 31, 2010  
Supports novel research that will lead to a cure for prostate cancer. Priority is for research on translational & clinical programs with the potential for near-term benefit for patients with recurrent prostate cancer. Creativity awards (1/31) support high-risk/high-reward concepts with potential for dramatic results. Current focus is on Treatment Science, studies of new ideas in man or lab support of a high impact clinical investigation. Challenge awards (last deadline in 2008) address strategic plan of offering longer term funding of milestone-driven research to reduce death & suffering from prostate cancer. See http://tinyurl.com/4t8wpn for details.

Deadlines Page 19 of 31
**Program:** Knowledge Dissemination Conference Grants  
**Agency:** Substance Abuse and Mental Health Services Administration  
**Next Deadline:** Mar 31, 2010  
Supports domestic conferences to disseminate knowledge about practices within the mental health services & substance abuse prevention & treatment fields & to integrate that knowledge into real-world practice. Awards will average $25K to $50K. Indirect costs not allowed. SAMHSA’s three Centers each may support up to three awards per year although not all will fund conference grants every year. Support for only one conference from one center may be requested in any single application. E-mail: david.morrissette@samhsa.hhs.gov See http://www.samhsa.gov/Grants/ for details.

**Program:** Family Planning Services and General Training Grants  
**Agency:** U.S. Department of Health and Human Services  
**Next Deadline:** Mar 01, 2010  
Supports public & nonprofit/private entities seeking to establish & operate voluntary family planning services projects. Family planning services include: clinical family planning & related preventive health services; information, education, & counseling related to family planning; & referral services. Deadlines & contacts vary by region. Grants are also available for general training & technical assistance programs to personnel working in Title X family planning service projects (last deadline: 6/30/08) and Grants for FP Male Training Coop Agreements (last deadline: 7/17/09). See http://tinyurl.com/mcc5ay

**Program:** International Travel Grants  
**Agency:** American Astronomical Society  
**Next Deadline:** Jan 04, 2010  
Provides funding for airline travel for individuals at U.S. institutions to travel to international (including Puerto Rico) science meetings, International Astronomical Union General Assemblies, and contemporaneous symposia. Grants are targeted for (in priority order) early-career scientists, scientists from smaller institutions or from under-served populations, or for scientists whose participation at the meeting is important for U.S. visibility. Funds may not be requested for any AAS or AAS divisional meeting. See http://www.aas.org/grants/itg.html for details. E-mail: marvel@aas.org

Program: Research Fellowships & Grants Programs
Agency: American Statistical Association
Next Deadline: Jan 15, 2010

Supports faculty working with statisticians, social scientists, & economists in federal statistical agencies. Programs include ASA/NSF/Census Research Program (12/10 annually); ASA/NSF/BLS Fellowship Program (2/8/10); ASA/NCHS Research Fellowship Program (11/30 target date, applications accepted year-round until positions are filled); ASA/NASS Research Fellow and Associate Program (3/1 annually for fellowships beginning in September); and BJS Research Program (1/15/10). See http://www.amstat.org/careers/fellowshipsgrants.cfm for details. E-mail: joyce@amstat.org

--------------------------------------------

Program: Grants Program (Policy Research & Advocacy)
Agency: Energy Foundation
Next Deadline: Mar 15, 2010 (target date)

Supports research & advocacy in the U.S. and China for power sector energy efficiency and renewable energy policy; building and appliance efficiency; vehicle efficiency and pollution standards; and economy-wide low carbon policy. Must focus on federal, state, provincial, or regional policy or regulatory issues. Universities most likely to receive funds by partnering with advocacy/outreach-oriented nonprofits. Applications accepted on rolling basis; submit 12 weeks prior to board meetings, which are 1st week of March, 3rd week of June, and 1st week of November. See http://www.ef.org/app_guidelines.cfm for details. E-mail: energyfund@ef.org

Program: Research Grant Program
Agency: Fats and Proteins Research Foundation, Inc.
Next Deadline: Mar 15, 2010 (target date)

Supports research that addresses biosecurity, new use applications and their expanded use as feed ingredients, & industrial use applications for rendered animal protein and fat products. Research Project Proposals with objectives to increase the utilization of animal co-products are always welcome & solicited. Annual target dates are 3/15 & 9/15. --------------------------------------------

Program: Undergraduate Program (Summer Internships)
Agency: Hamner Institutes for Health Sciences
Next Deadline: Mar 01, 2010

Supports approximately 10 undergraduate biochemical science summer interns to work in the area of environmental and public health issues. Under the mentorship of a staff scientist, interns design a research project, usually coordinated with an ongoing research program. At the end of 10 weeks, interns write a formal scientific abstract and present their findings in an institute-wide seminar. Applicants must have completed two years of classes. Students are responsible for transportation, room, and board. Weekly stipend amount is $500. See http://www.thehamner.org/education-and-training/training-programs/undergraduate-program.html E-mail: bramlage@ciit.org

--------------------------------------------
Program: Clare Boothe Luce Program (Women in Science, Math, and Engineering)
Agency: Henry Luce Foundation
Next Deadline: Mar 01, 2010
Supports women in science, math, and engineering at 3 levels: 1) undergraduate scholarships and research awards; 2) graduate and postdoctoral fellowships; and 3) term support for tenure-track appointments at the assistant or associate professorship level. All awards must be used exclusively in the U.S. (not for travel or study abroad). Student recipients must be U.S. citizens and faculty recipients must be citizens or permanent residents. Deadline refers to completion of required information form. Applications accepted by invitation only. See http://www.hluce.org/cblprogram.aspx for details. E-mail: hlf@hluce.org

Program: Experimental Program to Stimulate Competitive Research (EPSCoR)
Agency: National Aeronautics and Space Administration
Next Deadline: Jan 11, 2010
Program targets states of modest research infrastructure and provides funds to develop a more competitive research base within their member academic institutions. NASA invests between $125K to $750K per state annually. Awards have a 1:1 matching funds requirement. Eligibility is limited to 19 select states. Letters of intent deadline is 1/11/10; application deadline is 2/19/10. See http://tinyurl.com/yfwwh7q for details. E-mail: diane.d.detroye@nasa.gov

Program: Improvements at Biological Field Stations & Marine Labs (FSML)
Agency: National Science Foundation
Next Deadline: Mar 05, 2010 (target date)
Supports biological research & education by preserving access to study areas & organisms, providing facilities & equipment in close proximity to those study areas, & fostering an atmosphere of mutual scientific interest & collaboration in research & education. FSMLs offer off-campus labs & educational spaces, equipment, accommodations for visiting scientists/students, & modern communications & data management systems. Limited submission: 1 application on behalf of any facility; no limit per institution. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =5449 for details. E-mail: biofsml@nsf.gov

Wednesday, December 09, 2009  Deadlines Page 22 of 31
Program: Energy for Sustainability  
Agency: National Science Foundation  
Next Deadline: Mar 03, 2010  
Supports fundamental research & education in energy production, conversion, & storage. Focus on energy sources that are environmentally friendly & renewable. Sources of sustainable energy include sunlight, wind, & biomass, as well as hydrogen & alcohols derived from renewable sources. Research that generates enabling science & technologies for more efficient hydrogen generation & storage is supported. Proposal windows are 2/1-3/1 and 8/15-9/15 annually. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501026 for details. E-mail: grorrer@nsf.gov

Program: Environmental Sustainability  
Agency: National Science Foundation  
Next Deadline: Mar 03, 2010  
Supports engineering research to promote sustainable engineered systems that support human well-being and that are also compatible with sustaining natural (environmental) systems. These systems provide ecological services vital for human survival. Four principal general research areas are supported: Industrial Ecology; Green Engineering; Ecological Engineering; & Earth Systems Engineering. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501027 for details. E-mail: bhamilto@nsf.gov

Program: Environmental Engineering  
Agency: National Science Foundation  
Next Deadline: Mar 03, 2010  
Supports fundamental research & education to understand the impact of human activities on the natural environment & develop the scientific basis for solving, mitigating, or managing environmental problems caused by human activities. The program fosters cutting-edge research based on fundamental science & four types of engineering tools: measurement, analysis, synthesis, & design. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501029 for details. E-mail: ccliu@nsf.gov

Program: Research to Aid Persons with Disabilities (RAPD)  
Agency: National Science Foundation  
Next Deadline: Mar 03, 2010  
Supports research for development of new technologies, devices, or software for persons with disabilities. Research may be directed at the characterization, restoration, & substitution of human functional ability or cognition, or to the interaction of persons with disabilities & their environment. Areas of particular interest are disability-related research in neuroscience/neuroengineering & rehabilitation robotics. Undergraduate Engineering Design Projects are also supported. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501021 for details. E-mail: tconway@nsf.gov

**Program:** Biomedical Engineering (BME)

**Agency:** National Science Foundation

**Next Deadline:** Mar 03, 2010

Supports fundamental, transformative, & discovery research applied to biological systems. The long-term impact of the projects can be related to disease diagnosis and/or treatment, improved health care delivery, or product development. Projects must advance both engineering & biomedical sciences. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=501023 for details. --------------------------------------------

**Program:** Chemical and Biological Separations (CBS)  
**Agency:** National Science Foundation  
**Next Deadline:** Mar 03, 2010  
Supports fundamental research on novel methods & materials for separation processes for application in the chemical, biochemical, materials, energy, & pharmaceutical industries. This program encourages proposals that address emerging research areas & technologies, have a high degree of interdisciplinary thought coupled with knowledge creation, & integrate education & research. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =13363 for details. E-mail: rwesson@nsf.gov

--------------------------------------------

**Program:** Combustion, Fire, and Plasma Systems  
**Agency:** National Science Foundation  
**Next Deadline:** Mar 03, 2010  
Supports fundamental research & education on combustion, fire, & plasma systems. Impacts include cleaner global & local environments, enhanced public safety, improved energy & homeland security, & more efficient manufacturing. This is not an applied research program, but provides broad, basic knowledge that can be used by others in development of systems. Broad-based computational, experimental, or diagnostic tools are major products of this endeavor. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =13366 for details. E-mail: aatreya@nsf.gov

--------------------------------------------

**Program:** Environmental Implications of Emerging Technologies  
**Agency:** National Science Foundation  
**Next Deadline:** Mar 03, 2010  
Supports fundamental & basic research to establish & understand outcomes as a result of the implementation of new technologies such as nanotechnology, biotechnology, & information technology. Also supports research on the development & refinement of sensors & sensor network technologies that can be used to measure a wide variety of physical, chemical, & biological properties of interest in characterizing, monitoring, & understanding environmental impacts. Proposal windows 2/1-3/3/10 and 8/15-9/23/10. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =501030 for details. E-mail: cekstein@nsf.gov

**Program:** Proactive Recruitment in Introductory Science and Mathematics (PRISM)  
**Agency:** National Science Foundation  
**Next Deadline:** Mar 08, 2010

Supports innovative, potentially transformational partnerships between the mathematical sciences & other science or engineering disciplines that widen the cross section of the mathematical sciences to which freshman & sophomore students are exposed & that provide these students increased opportunities for research experiences involving the mathematical sciences. Must include a PI from a math department & at least one co-PI from another science or engineering department. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503460 for details. **Program:** Collaboration in Mathematical Geosciences (CMG)  
**Agency:** National Science Foundation  
**Next Deadline:** Jan 22, 2010

Supports collaborative research at the intersection of mathematical sciences & geosciences & encourages cross-disciplinary education. Projects should fall within one of 3 themes: math & statistical modeling of complex geosystems; understanding & quantifying uncertainty in geosystems; or analyzing large/complex geoscience data sets. Research groups must include at least 1 geoscientist & 1 math/statistical scientist. Proposals on global change & sustainability especially encouraged. Proposal window 1/8-1/22/10. --------------------------------------------
Program: Petascale Computing Resource Allocations (PRAC)
Agency: National Science Foundation
Next Deadline: Mar 17, 2010
Allocates resources on the Blue Waters system, a new NSF-funded petascale computing system that will go online at the University of Illinois at Urbana-Champaign in 2011, to research groups that have a compelling science or engineering challenge that will require petascale computing resources. Proposals from or including junior researchers are encouraged, as one of the goals of this solicitation is to build a community capable of using petascale computing. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=503224 for details. E-mail: smeacham@nsf.gov

Program: Grants-in-Aid of Research
Agency: Sigma Xi, The Scientific Research Society
Next Deadline: Mar 15, 2010
Supports full-time graduate and undergraduate students and Ph.D. professionals conducting scientific research in any field of science and engineering. Awards of up to $1,000 (up to $5,000 for astronomy research or $2,500 for vision related research) pay for travel expenses to and from a research site, for purchase of non-standard laboratory equipment necessary to complete a specific research project, or for reimbursement of human subjects. Sixma Xi membership not required. Proposals due 3/15 and 10/15 annually. See http://www.sigmaxi.org/programs/giar/index.shtml for details. E-mail: giar@sigmaxi.org

Agency: U.S. Department of Commerce

Program: Precision Measurement Grants Program

Next Deadline: Feb 05, 2010 (tentative)

Supports experimental research in fundamental measurement or the determination of fundamental constants. Research areas include testing laws of physics to improve fundamental measurement methods, and development of new standards for physical measurement. Must send in an abbreviated proposal of no more than five pages to be considered. Colleges and universities are eligible. See http://physics.nist.gov/ResOpp/grants/index.html for details. Email: mohr@nist.gov

--------------------------------------------
**Program:** Summer Undergraduate Research Fellowships (SURF)  
**Agency:** U.S. Department of Commerce  
**Next Deadline:** Feb 16, 2010

Supports two separate 12-week internship program for undergraduates in pursuit of graduate degrees in science and engineering to provide hands-on research experience at NIST (one in MD & the other in CO). Research interests include:  
- Electronics & Electrical Engineering (both MD & CO)
- Manufacturing Engineering (MD)
- Chemical Science & Technology (MD & CO)
- Physics (MD & CO)
- Materials Science & Engineering (MD & CO)
- Building & Fire Research (MD)
- Information Technology (MD & CO)

---

**Program:** Dr. Nancy Foster Scholarship Program  
**Agency:** U.S. Department of Commerce  
**Next Deadline:** Mar 17, 2010

Supports outstanding scholarship and encourages independent graduate level research, particularly by female and minority students, in oceanography, marine biology and maritime archaeology. Studies must be conducted on a full-time basis. Applicants should apply on-line through Grants.gov. See http://www.fosterscholars.noaa.gov for details. E-mail: fosterscholars@noaa.gov

---

**Program:** Defense Sciences Research & Technology  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Mar 08, 2010

Program supports advanced R&D that might lead to innovations in science and engineering. Proposals may be either basic or applied research, but must demonstrate the proposed effort is aimed at high-risk/high-payoff technologies that have the potential for making, in the five-10 year timeframe, revolutionary rather than incremental improvements to national security, including emerging threats and operational challenges. Highly recommended (though not required) that proposers submit a white paper. See http://www.darpa.mil/dso/solicitations/solicit.htm for details. E-mail: leo.christodoulou@darpa.mil

---

**Program:** Strategic Technology Office  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Mar 10, 2010

Supports research, development, design, & testing that directly supports the office. This includes Space & Near-Space Sensors & Systems; Strategic & Tactical Networks; Information Assurance; Counter Underground Facilities; Weapons of Mass Destruction (WMD) Defense; Small Unit Operations; Maritime Operations; & Core Strategic Technologies. DARPA encourages responders to submit executive summaries & receive the feedback, prior to submitting proposal abstracts or full proposals. See http://www.darpa.mil/sto/solicitations/BAA09-22/index.html for details. E-mail: BAA09-22@darpa.mil

Program: ONR Young Investigator Program
Agency: U.S. Department of Defense
Next Deadline: Jan 29, 2010
Provides Young Investigator awards of $170,000 per year for three years. Awards are made to U.S. citizens who hold tenure track positions at U.S. IHEs and have held their Ph.D.s for five years or less to conduct research within the broad scope of Naval interests described in the ONR BAA. Applications must be submitted through university officials and demonstrate a strong institutional commitment to the researcher and project. See http://www.onr.navy.mil/en/Contracts-Grants/Funding-Opportunities/Broad-Agency-Announcements.aspx for details. E-mail: william.lukens1@navy.mil

Program: Advanced Detector Research Program
Agency: U.S. Department of Energy
Next Deadline: Feb 01, 2010
DOE's Office of High Energy Physics supports projects that will contribute to the development of new detector technologies to perform future high energy physics experiments. Final engineering or fabrication of detectors will not be funded. Interesting technologies include: charged particle track detectors, and calorimeters or particle identification detectors. See http://www.science.doe.gov/grants/grants.html for details. E-mail: Howard.Nicholson@science.doe.gov

Program: Support of Advanced Fossil Resource Utilization by HBCUs & OMIs
Agency: U.S. Department of Energy
Next Deadline: Jan 15, 2010
Provides approximately $950,000 each year to fund awards, averaging $80,000 to $200,000 for Historically Black Colleges & Universities (HBCUs) & Other Minority Institutions (OMIs) in support of innovative research & development of advanced concepts pertinent to fossil resource conversion & utilization. Collaboration with private industry is encouraged. Applications must be submitted under one of several technical topic areas announced each year. See http://www.netl.doe.gov/business/solicitations/index.html for details. E-mail: Harolynne.Blackwell@netl.doe.gov

Program: HS-STEM Summer Internship Program
Next Deadline: Jan 05, 2010
Program provides direct support for 10-week summer research experience at various federal research facilities to undergraduates majoring in homeland security related science, technology, engineering & mathematics (HS-STEM) disciplines. Students must demonstrate long-term goals aligned with the mission of DHS. Participants receive a stipend of $500 each week (or $5000 for 10 weeks) plus travel expenses. See http://www.orau.gov/dhsinternships/ for more details. E-mail: science.education@orau.org

**Program:** Small Business Innovation Research Program (SBIR)

**Agency:** U.S. Department of Homeland Security

**Next Deadline:** Jan 06, 2010

Program seeks to stimulate technological innovation while strengthening the role of small business in meeting R&D needs of the Department of Homeland Security. Solicitation includes seven topic descriptions that address research needs throughout the Science & Technology Directorate. Deadline refers to Phase I. See http://www.sbir.dhs.gov for details. E-mail: STSBIR.PROPOSALS@dhs.gov

**Contact:** Patrice Coleman, Contract Specialist (electronic submission) Washington, DC 20528 202/254-6768

**CFDA Number:**

**Program:** Undergraduate Scholarships and Graduate Fellowships

**Agency:** U.S. Department of Homeland Security

**Next Deadline:** Jan 05, 2010

Program supports graduate students and third & fourth year undergrads who are pursuing degrees in science & technology & have a commitment to protecting the nation against further terrorist attacks. Areas of study include: physical, mathematics, computer, information, life, and social sciences, as well as selected areas of humanities & engineering. Full tuition, fees, & monthly stipends provided for two-year undergrad & three-year graduate appointments. U.S. citizenship required. See http://www.orau.gov/dhsed/ for details. Email: dhsed@orau.gov

**Contact:** Leigh Ann Pennington, Program Manager Oak Ridge Institute for Science & Educ. P.O. Box 117 Oak Ridge, TN 37831 865/241-2722

**CFDA Number:**

**Program:** Fate, Transport, Transformation, & Exposure of Engineered Nanomaterials

**Agency:** U.S. Environmental Protection Agency

**Next Deadline:** Feb 02, 2010

EPA, NSF & DOE support research dealing with the potential implications of nanotechnology & engineered nanomaterials on human health & the environment. In an effort to stimulate international research in the area of engineered nanomaterials, U.S. researchers encouraged to collaborate with European researchers. Research areas include: the fate, transport & transformation of nanomaterials; bioavailability & exposure of humans & other species to nanomaterials. See http://epa.gov/ncer/rfa/#Currentl for details E-mail: stelz.william@epa.gov

**CFDA Number:** 66.509

**Program:** Grant Programs (Doctoral and Postdoctoral)

**Agency:** Wenner-Gren Foundation for Anthropological Research

**Next Deadline:** Mar 01, 2010

Supports anthropological research and writing. Current opportunities for doctoral students are dissertation fieldwork support ($15,000 plus possible $5,000 supplement, due 5/1 & 11/1) & international fellowships ($17,500, due 3/1). Current postdoctoral opportunities are research grant support ($20,000 plus possible $5,000 supplement, due 5/1 & 11/1), fellowships ($40,000, due 5/1 & 11/1), international collaborative research ($30,000, due 6/1 & 12/1), & conferences & workshops ($15,000, due 6/1 & 12/1). All nationalities eligible. See http://www.wennergren.org/programs/ for details. E-mail: nfenelon@wennergren.org
