HARRISBURG AREA COMMUNITY COLLEGE & SHIPPENSBURG UNIVERSITY TRANSFER GUIDE FOR MECHANICAL ENGINEERING

NOTES (IMPORTANT – PLEASE READ)

1. Additional transfer credits may be taken at HACC for transfer to Shippensburg. Please speak with your advisor and/or the SHIP transfer counselor for advisement on additional coursework.
2. 0-Level courses do not count toward graduation requirements and will not transfer. HD courses may not transfer.
3. Although elective credits are transferable, the Engineering majors do not require free electives to fulfill major requirements. Therefore, elective credits earned will not count toward a B.S. at Ship.
4. ENGL 104 Technical Writing is preferred for Mechanical Engineering majors.
5. Admission to Ship's Mechanical Engineering major requires a 2.0 GPA and a Math Level 6 Placement (Calculus). Additional 100-level math courses that are required at HACC to reach the Math 121 level will count as electives at SHIP.
6. Students who plan to transfer in the fall semester should take MECH 230 at SHIP the summer prior to their fall start date.
7. Courses for Shippensburg University have been selected by joint agreement of HACC and SHIP. However, curricula are subject to change. Please speak with your advisor and/or the SHIP transfer counselor if you have any questions. A transfer counselor from SHIP visits the campus on a regular basis through the academic year. Call the SHIP Office of Admissions for the specific day and time.
