13.1305	Teacher Education - English/Language Arts	UG	
13.1306	Teacher Education - Foreign Language	UG	
13.1316	Teacher Education - General Science	Both	
13.1311	Teacher Education - Mathematics	Both	
13.1329	Teacher Education - Physics	Both	
13.1318	Teacher Education - Social Studies	UG	

Total number of teacher preparation programs:

SECTION I: PROGRAM INFORMATION

Program Requirements

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. [\(\\$205\(a\)\(1\)\(C\)\(i\)\)](#)

THIS PAGE INCLUDES:

- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Full-time equivalent faculty supervising clinical experience](#)
- [Adjunct faculty supervising clinical experience](#)
- [Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience](#)
- [Supervised clinical experience](#)

Undergraduate Requirements

Note: This section is preloaded from the prior year’s IPRC.

1. Are there initial teacher certification programs at the undergraduate level?

- ☒ Yes
- ☐ No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or [clear responses already entered](#)) then click save at the bottom of the page.

Element	Admission	Completion

Please provide any additional information about or descriptions of the supervised clinical experiences:

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Enrolled Student](#)
- [Program Completer](#)

Enrollment and Program Completers

2020-21 Total	
Total Number of Individuals Enrolled	639
Subset of Program Completers	129

Gender	Total Enrolled	Subset of Program Completers
Male	114	18
Female	525	111
Non-Binary/Other	0	0
No Gender Reported	0	0
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native	0	0
Asian	7	1
Black or African American	12	1
Hispanic/Latino of any race	23	3
Native Hawaiian or Other Pacific Islander	0	0
White	578	122

Race/Ethnicity	Total Enrolled	Subset of Program Completers
Two or more races	15	1
No Race/Ethnicity Reported	4	1

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

☐

No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

CIP Code	Subject Area	Number Prepared
13.10	Teacher Education - Special Education	<div>34</div>
13.1202	Teacher Education - Elementary Education	<div></div>

CIP Code	Subject Area	Number Prepared
13.1203	Teacher Education - Junior High/Intermediate/Middle School Education	6
13.1210	Teacher Education - Early Childhood Education	89
13.1301	Teacher Education - Agriculture	
13.1302	Teacher Education - Art	3
13.1303	Teacher Education - Business	
13.1305	Teacher Education - English/Language Arts	10
13.1306	Teacher Education - Foreign Language	2
13.1307	Teacher Education - Health	
13.1308	Teacher Education - Family and Consumer Sciences/Home Economics	
13.1309	Teacher Education - Technology Teacher Education/Industrial Arts	
13.1311	Teacher Education - Mathematics	9
13.1312	Teacher Education - Music	
13.1314	Teacher Education - Physical Education and Coaching	
13.1315	Teacher Education - Reading	
13.1316	Teacher Education - Science Teacher Education/General Science	5
13.1317	Teacher Education - Social Science	
13.1318	Teacher Education - Social Studies	15
13.1320	Teacher Education - Trade and Industrial	
13.1321	Teacher Education - Computer Science	
13.1322	Teacher Education - Biology	
13.1323	Teacher Education - Chemistry	1
13.1324	Teacher Education - Drama and Dance	
13.1328	Teacher Education - History	13
13.1329	Teacher Education - Physics	
13.1331	Teacher Education - Speech	

CIP Code	Subject Area	Number Prepared
13.1337	Teacher Education - Earth Science	<input type="text"/>
13.14	Teacher Education - English as a Second Language	<input type="text"/>
13.99	Education - Other Specify: <input type="text"/>	<input type="text"/>

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. [\(\\$205\(b\)\(1\)\(H\)\)](#)

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

- ☒ Yes
- ☐ No

☐ No teachers prepared in academic year 2020-21

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or [clear responses already entered](#)).

CIP Code	Academic Major	Number Prepared
13.10	Teacher Education - Special Education	<input type="text" value="34"/>

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. [\(§205\(a\)\(1\)\(A\)\(iii\); §206\(b\)\)](#)

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Program Assurances

Note: This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

☒ Yes

☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

☒ Yes

☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

☒ Yes

☐ No

☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

☒ Yes

☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

☒ Yes

☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

☒ Yes

☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

☒ Yes

☐ No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Unit Assessment System Protocol to Document Assurances: Shippensburg University is committed to collecting data to assess candidates' performance at the course level and throughout their programs. Faculty members teaching or supervising a data-rich course (i.e., methods, student teaching or practicum) will continue to collect and analyze data according to the Unit Assessment System Protocol. At the end of the semester, after entering scores into a data management system and assigning student grades, faculty members will continue to use the Course Assessment Rubric (CAR) to measure the course outcomes against the Conceptual Framework (CF) goals (which includes assurance competencies outlined in Title II). Then, the faculty member will submit a Data Report via email to the Unit-Wide Assessment Committee chairs. By the end of the first month of classes in a given semester, departments will continue to analyze candidate performance data and to gather data pertaining to candidates' Gates and Status

Levels from the previous academic year using the Program Assessment Rubric (PAR). Findings are discussed at department/program meetings and as part of the monthly, Unit-Wide Teacher Education Council (TEC) meetings and recorded in the minutes. The department/program chair will continue to prepare a Data Report per program and presents the information at the annual Assessment Retreat sponsored by TEC. This retreat is attended by the members of the Unit-Wide Assessment Committee, the department/program chairs, candidates, and the Dean. At this meeting, all data will continue to be analyzed using the Unit Assessment Rubric (UAR) and the dean also will continue to share data on the Unit's operation criteria described in the UAR. Data are aggregated and summarized, and specific actions on the use of results to improve candidate performance, program quality and Unit operations are identified. For reporting purposes, the Dean will continue to create and disseminate an executive summary for the Provost's Office containing provisions for budget allocations informed by the assessment findings. The Dean's office will continue to post an annual report with a summary of the assessment findings and the recommendations for improvement. The report is made available to the entire Unit and the professional community via the College of Education and Human Services website for accreditation purposes. Goals Identified from Data Analysis during the 2018-19 Academic Year that pertain to Title II Assurances to Align with Regional Employment Expectations for New Teachers Key Assessments: 1. In order to prepare candidates to respond to district needs as new teachers in PK-12 classrooms, candidates at both the undergraduate and graduate levels will continue to analyze student learning outcome assessment data in their courses and field experiences, including data analysis for four assessments: Professional Dispositions (PD), Capstone/Practicum/Internship Assessment (PDE 430), the Impact on Student Learning (ISL) assessment during student teaching or professional practicum, and Quality Assurance and Diversity Awareness. Evaluating candidates' diversity awareness is included in criteria outlined in assessments. For example, the ISL assignment addresses differentiated instruction, including honoring PK-12 learners with disabilities, students learning English, and students from economically and culturally diverse backgrounds. Results will continue to contextualize candidates' levels of mastery and allow each program and the Unit to determine possible alterations to courses assignments and field experience outcomes to better align with the conceptual framework as they relate to school districts' practices. Diversity Awareness: 2. As part of the Unit's focus on diversity awareness (cultural, cognitive, linguistic, regional, and socioeconomic), faculty teaching methods courses will continue to assign activities that will equip candidates to understand and use a variety of instructional methods to encourage PK-12 learners' critical thinking, problem solving and performance skills, especially as they relate to diverse students' needs. As a result of the course assignments, candidates' knowledge, skills and dispositions will be analyzed in a more robust format. Conceptual Framework Alignment with Curricular Design: 3. Using both the Conceptual Framework (CF) and the Program Assessment Rubric (PAR), faculty teaching a course associated with a field experience and clinical practice will continue to assign candidates data driven instructional activities that reflect identified practices in public schools. Each semester and throughout the academic year, each program must continue to review CAR and PAR data to determine programs level compliance with the CF. The Unit Wide Assessment Committee must continue to provide training for all faculty on how to report programmatic data. The Unit-Wide Assessment Committee will continue to assess the PARs currently submitted and identifies inconsistencies. The committee chairs will meet with specific department chairs to streamline the use of the PAR. Advising Candidates: 4. While the current assessment instruments for dispositions indicate excellent results, the Unit must collect data according to the established Gates and Status Levels to document candidates' dispositions growth across the enrollment status levels. The Unit must ensure that all graduate and undergraduate programs collect, analyze and report dispositions data from faculty, cooperating teachers, school administrators, or school supervisors. Faculty assessing candidates' dispositions send the forms to the candidates' advisors. Advisors collect the data and keep forms in the candidates' files on the Student Success Collaborative. Advisors (and other institutional members) bring to department chairs any special cases. Department chairs send special cases to TEC. Candidate Enrollment, Retention and Persistence: 5. The Unit must create a strategic enrollment committee to examine both recruitment and retention, especially for diverse candidates. TEC must identify and invite faculty, admissions staff, candidates, and school partners to join a newly formed Unit Enrollment Task Force. The Task Force will delineate specific strategies to increase enrollment of diverse candidates and strengthen retention for all candidates.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

Note: Last year’s goal and the current year’s goal are preloaded from the prior year’s IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

THIS PAGE INCLUDES:

- >> [Report Progress on Last Year’s Goal \(2020-21\)](#)
- >> [Review Current Year’s Goal \(2021-22\)](#)
- >> [Set Next Year’s Goal \(2022-23\)](#)

Report Progress on Last Year’s Goal (2020-21)

1. Did your program prepare teachers in mathematics in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

Our goal was to increase enrollment by 4.

3. Did your program meet the goal?

- ☒ Yes
- ☐ No

4. Description of strategies used to achieve goal, if applicable:

The Math Department utilizes open houses and recruitment through the admissions office for secondary education math majors; Department faculty members coordinate outreach to all Math Department applicants via personal handwritten letters, emails, and text messages.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

New this year, the Math Department is coordinating with the two local Community Colleges to increase the number of transfer students who want to enter secondary mathematics teaching, working to ensure graduation occurs in four full academic years across institutions.

6. Provide any additional comments, exceptions and explanations below:

Students are assigned a faculty advisor in mathematics content and mathematics education faculty. Students meet a minimum of once per semester with their faculty advisor. Students are assessed through the Gates and Status Levels Matrix at the beginning and end of every term to ensure that program requirements are being met. Individual action plans are initiated when students are not meeting requirements. Through cooperating teacher input and supervising faculty review, students are monitored and assessed during their field experience hours. Areas of assessment include: educational philosophy, dispositions, views towards and experiences with diverse students and faculty: as well as content preparation assignments and completion of mandated State requirements.

Review Current Year's Goal (2021-22)

7. Is your program preparing teachers in mathematics in 2021-22? If no, leave the next question blank.

- ☒ **Yes**
☐ **No**

8. Describe your goal.

Our goal is to increase enrollment by 4.

Set Next Year's Goal (2022-23)

9. Will your program prepare teachers in mathematics in 2022-23? If no, leave the next question blank.

- ☒ **Yes**
☐ **No**

10. Describe your goal.

Our goal is to increase enrollment by 4.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

Note: Last year’s goal and the current year’s goal are preloaded from the prior year’s IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

THIS PAGE INCLUDES:

Report Progress on Last Year’s Goal (2020-21)

1. Did your program prepare teachers in science in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

Our goal was to increase enrollment by 5.

3. Did your program meet the goal?

- ☒ Yes
- ☐ No

4. Description of strategies used to achieve goal, if applicable:

Departments (Biology, Chemistry, Physics) who house the secondary education programs help to highlight the options available for science certifications as part of the university’s open house series which is offered for undergraduates.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Continuing conversations with the admissions department has noted the need for specific and targeted marketing in these areas, however, overall marketing of programs has dropped off. The STEM MAT program continues to reach out to local businesses, military connections, and graduates with content degrees who have expressed interest in pursuing a certification in the STEM areas. It should be noted that the STEM MAT program begins a cohort every other year based on the timing of the program (18 months) and faculty staffing availability. A new cohort is expected to start in the Fall 2022

semester.

6. Provide any additional comments, exceptions and explanations below:

Students are assigned a faculty advisor in their certification area (content area faculty who teach methods for 7-12 candidates), and teacher education faculty who work with middle school courses for the 4-8 programs. Student meet a minimum of once per semester with their faculty advisor. Students are assessed through the Gates and Status Levels Matrix at the beginning and end of every term to ensure that program requirements are being met. Individual action plans are initiated when students are not meeting requirements. Through cooperating teacher input and supervising faculty reviews, students are monitored and assessed during their field experience hours. Areas of assessment include: educational philosophy, dispositions, views towards and experiences with diverse students and faculty; as well as content preparation assignments and completion of mandated State requirements

- ☒ Yes
☐ No

10. Describe your goal.

Our goal is to increase enrollment by 5.

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- ☒ Yes
- ☐ No

If yes, please specify the organization(s) that approved or accredited your program:

- ☒ State
- ☒ CAEP
- ☐ AAQEP
- ☐ Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- ☐ Yes
- ☒ No

On this page, review the questions regarding your program's use of technology, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

THIS PAGE INCLUDES:

>> [Use of Technology](#)

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

☒ Yes

☐ No

b. use technology effectively to collect data to improve teaching and learning

☒ Yes

☐ No

c. use technology effectively to manage data to improve teaching and learning

☒ Yes

☐ No

d. use technology effectively to analyze data to improve teaching and learning

☒ Yes

☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Teacher candidates in all program areas use technology; it is integrated across the curriculum. Courses such as ECH 373, ECH 393, ECH 394, TCH 251, EDU 440, EDU 371, EDU 290, EDU 422, and EDU 412 all have focus areas of integrating technology into teaching methods. Our Academic Year 20-21 Student Teacher Survey data showed that 100% of the respondents on our use of technology assessment mentioned having used technology in a classroom setting. They used a broad spectrum of technology throughout their student teaching experiences ranging over 42 different types of technology. Technologies continuously range from hands on tools such as; smart boards, Ipads, and chromebooks, to specialized software or applications such as; Google Platform, Zoom, Kahoot, SeeSaw. The Google Platform continues to be a technology that many are incorporating into teaching strategies. The platform has a variety of uses for assessment and data tracking which provides more flexibility in teaching. Uses of technology by our student teachers ranged from assigning homework, quizzes, surveys, etc. and with these they had the ability to immediately interact with the data and students. This type of interaction is a very powerful experience for our students in terms of understanding the different modalities of teaching and having to communicate, teach lessons, and evaluate data using technology. During the 20-21 Academic Year there were still instances where the pandemic demanded online teaching modalities and hybrid classrooms. The pandemic forced institutions into a significant shift in technology use. Students continue to attribute their technological flexibility to their technology classes and modeling strategies taught by faculty. The Teacher Education Council continues to investigate our current practices with an intention to continue the development of strategic priorities to address needed areas of improvement.

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Note: This section is preloaded from the prior year’s IPRC.

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

Course requirements in Special Education, Reading, Child Development, Assessment & Instructional Strategies train teachers candidates to work with students with disabilities. Clinical settings allow pre-service teachers to participate in IEP team meetings when appropriate.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All special education certification students are required to have training and development of IEPs and to serve on program teams.

c. Effectively teach students who are limited English proficient.

All special education certification students are required to have training and development of IEPs and to serve on program teams. Clinical settings provide an opportunity for Special Education majors to work with English Proficiency students.

2. Does your program prepare special education teachers?

- ☒ Yes
- ☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

Course requirements in Special Education, Reading, Child Development, Assessment & Instructional Strategies train teachers candidates to work with students with disabilities. Clinical settings allow pre-service teachers to participate in IEP team meetings when appropriate. Field experiences provide opportunities in classrooms with diverse disability categories including life skills, MDS, learning support, autism, and emotional support. These experiences are diversified further to include varying levels of the P-12 learning environment at the elementary level, middle school level, and the high school level.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

All special education certification students are required to have training and development of IEPs and to serve on program teams.

c. Effectively teach students who are limited English proficient.

All special education certification students are required to have training and development of IEPs and to serve on program teams. Clinical settings provide an opportunity for Special Education majors to work with English Proficiency students.

Contextual Information

On this page, review the contextual information about your program, and update as needed.

Note: This section is preloaded from the prior year’s IPRC.

THIS PAGE INCLUDES:

>> [Contextual Information](#)

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

Certification of submission

☒ I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the *Higher Education Opportunity Act, Title II: Reporting Reference and User Manual.*

NAME OF RESPONSIBLE REPRESENTATIVE FOR TEACHER PREPARATION PROGRAM:

Nicole Hill

TITLE:

Dean of the College of Education and Human Services

Certification of review of submission
