ESL Teacher Recruitment

中 国

Who are we?

G.E.O. works alongside our partners recruiting teachers from the U.S. for employment at English-language training centers for children ages five to twelve in Southern China. We also recruit out of the U.K., Australia, Ireland, and South Africa. Our agency seeks teachers holding the highest standards of educational dedication, cultural respect, and all-around professional maturity. We recruit for licensed training centers in Guangzhou, Shenzhen, Foshan, Hong Kong and Chengdu, China.

What we do for you:

1. Provide our teachers with a work visa to The People's Republic of China.
2. We work with the English-language training centers to aid teachers in the transition to working abroad by providing housing, health services, tours of schools, local 24/7 skype/WeChat service, banking help, as well as any salary/financial assistance.
3. We provide you the direct contract with the schools and training centers in order to streamline your requests and concerns.
4. You will not be charged any fees. The training centers cover all costs of recruitment.
5. Salary, domestic health insurance, and any international transportation will vary depending on the employer and contract.
