**Rester c'est exister mais voyager  
c'est vivre.- Gustave Nadaud**

To stay is to exist; to travel is to live.  
This experience will examine the  
influence of language, fashion & media  
in shaping the way we view and inhabit  
the world.

**\$2800** / Person

During our 17-day stay in Paris (including day trips to Caen, Dijon, Lille, and Versailles), our reflections will be supported by lived experiences, such as visits to French TV and radio stations, fashion and costume museums, linguistic institutions, theatrical performance, as well as visits to various other museums and historical sites. Participation in the trip is mandatory for registration in any of the three courses. Knowledge of French is **not required**, but students are **encouraged to take a French class** as they prepare for the experience.
