# Joining "shipsecure" from an Android device

1. From the home screen, tap on **Settings**. You may need to first tap on the "Apps" button in the bottom center of the screen.

2. Tap on **Wi-Fi** in the settings list.

3. Make sure Wi-Fi is turned on, and then tap on the **shipsecure** wireless network.
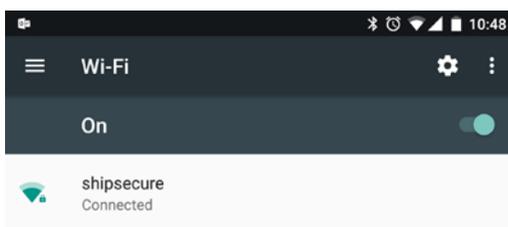

4. On the screen that appears, enter the following
   CA certificate: Use system certificates
   Domain: ship.edu
   Identity: *your Ship username* (i.e. ab1234)
   Password: *your Ship password*

   Tap on **Connect**.

5. You should now see the status listed as "Connected" under the shipsecure network.

   You are now connected to the ***shipsecure*** wireless network.
   Your Android device should automatically reconnect to this network when in range.

   # Need Help?

   The Technology Help Desk can assist you with connecting to *shipsecure*!

   Just bring your laptop or mobile device to the Student Help Desk in Ezra Lehman Memorial Library or the Faculty/Staff Help Desk in MCT 071 and we can help you connect on the spot.
